— OUR STORY —

AXE & SON WAS FOUNDED IN 2021 BY BOBBY AXE
A NAME THAT COULDN'T BE MORE FITTING FOR THE CRAFT.

From the beginning, Bobby set out to build a business that combined expert tree care with genuine, down-to-earth customer service. His friendly approach, clear communication, and commitment to craftsmanship quickly earned Axe and Son glowing reviews and a strong reputation across Hampshire. Today, the business proudly holds a 5-star status, reflecting consistent client satisfaction, attention to detail, and outstanding service.

As demand grew, so did the scope of the work. To meet this expansion while maintaining the highest standards, Bobby partnered with Tony Garner — a highly skilled arborist with decades of experience in managing complex landscapes and large-scale projects. Their shared values, expertise, and complementary strengths have created a partnership built on trust and excellence.

Now working as a unified team, Axe and Son combines traditional techniques with modern arboricultural practices, offering a comprehensive, professional service for everything from private gardens to expansive estates. Every project is approached with care, precision, and a deep pride in the quality of work — values that continue to earn the team 5-star praise from discerning clients across the region.
