The Oily Rag

July - August 2013

NEXT RUN DATES:

1. September 15th – Annual General Meeting
Waterfront Toorbul – Smorgasbord
2. October 20th – BYO

We meet on the 3rd Sunday of each month at Centennial Lakes, Caboolture (opp tennis courts) at 8.30am for a 9.00departure unless otherwise advised.

Our Northern Districts Social Car Club exists for the pleasure of getting together with great people that have the similar interests.
So please, try to make the effort to come along on these runs.

Our members go to a lot of effort to organize our events.

Inside this Issue:

- July run report
- August run report
- Interesting facts.
- Swap meets and Upcoming events.
- Jokes and funny stories

- ✓ September 15 Smorgasbord. **AGM**
- ✓ October 20 BYO
- ✓ November 17 Meeting run
- ✓ December 7 (Xmas party lunch).

Attention Members

The next run is the AGM and we would like as many members as possible to attend.

As it is only a short run to Toorbul waterfront we will be meeting at 9 and leaving at 9.30am. As the smorgasbord was cancelled for the August run, it will now be on this run.

We would like to see some new blood helping to run this great club and not leaving it to the same ones all the time.

As it is only a small club, none of the positions are difficult. Positions available are:

President: Chair the meeting bi-monthly. **Easy.**

Vice President: Chair the meeting in the absence of the President. **Even easier.**

Secretary: Take the minutes of bi-monthly meeting and attend to a small amount of correspondence. **Fairly easy.**

Treasurer: Bank money and keep the books in order. **Some book keeping knowledge.**

Social Director: Run raffles on runs and organise functions, mainly Xmas Party. **It's fun!**

Publicity Officer: Publicise the club. **Hasn't had a job yet.**

Editor: Collect report and publish magazine bi-monthly. **Some office software knowledge.**

Rally Director: Hunt out swap meet and show dates and pass on to editor and members. **Really easy.**

Web Master: Look after the website. **Website & server management skills.**

QHMC Delegates (2): Attend State motoring body evening meetings bi-monthly at Carindale. **Easy, informative and amusing sometimes.**

Property Officer: Look after and store club property. Haven't got much. **Need a small amount of garage space.**

Dating Officers (3): Inspect and issue Dating Certificates for restricted rego. **Expert vehicle knowledge.**

And there you have it, so if you think you can tackle any of those **easy** positions then please attend the AGM and put your hand up.

July run report

Quite a good roll up of cars turned up at the meeting place for the morning catch up which was a beautiful sunny day. We all headed off through Caboolture to the highway where we immediately got caught up in traffic and thank goodness for the run sheet we headed into the city. The run organizer Kim and Carol thought it would be nice to see the changes for those that hadn't been there for a while. Wow. Some of the houses in the more affluent areas were spectacular.

On arriving at Fort Lytton the majority headed to the room for the lecture on the Fort and then joined Adrian the tour guide on the interesting walk.

Everyone then got together for the very short meeting and lunch, We all left for home about 2pm.

Great run Kim and Carol.

Fort Lytton National Park

Fort Lytton National Park is one of Queensland's most important heritage sites (and one of the least known).

Built in 1881 and used for the defence of Brisbane until the end of the Second World War, it is a pentagonal fortress concealed behind grassy embankments. Its stories, embodying the themes of defence, health and immigration, are reflected in the unique buildings and hidden

structures inside its boundaries. Fort Lytton is not just a rare 19th century Fort designed to protect the Brisbane from attack. It was also known in the early 20th century, as the Lytton Quarantine Station and was used to protect Brisbane from disease.

Fort Lytton National Park is a fascinating site to explore. In use throughout both World Wars, it provides a stimulating background.

From the secretary's Desk

A big hello to everyone. What a great run to Fort Lytton – a big thanks to Adrian who was our Guide for the day. I do apologise, but I omitted from the secretary business that I did send out two letters in the last month – one to the Centrepont Motel in Warwick, thanking our hosts for a great weekend, and also a letter to staff of Glengallan House thanking them for their hospitality – these people are only volunteers and even though we had to wait for a while (some of us) for our meals – it was still an enjoyable day for all.

Can I just remind everyone as well that XMAS is fast approaching. If you have any ideas of where you would like to go for our Club Xmas Party– please let me know. I am sourcing out the local clubs in Caboolture as we are a Caboolture based club.

Also members, I am running low on gifts to raffle on club runs – if you have anything you would like to donate please do. Any gifts are gratefully accepted. No donated gift is too big or small.

Finally, am happy to report that we have a lovely flat screen TV to raffle for our Xmas Raffle this year. Tickets will be posted out to all members around about September for you to sell to friends/family. I will be posting out books of 20 tickets – costs will be \$2.00 per ticket or 3 tickets for \$5.00. More information with a flyer will be forthcoming.

Thanks everyone – as always, it is a pleasure to see you all and I look forward to seeing you on the next run.

Cheers.

August Run Report

Run Report 18/08/2013 destination Moore

Subtitled *D and Js Delectable Daytime Jaunt*

The faithful assembled lakeside at 8:30 for a 9:00 start. The Provis' were determined to be early or at least on time, as the previous run saw us "cutting it too fine".

We were the only M.G on the day, in fact the only English car I believe so we had to fly the flag alone. Elaine was on hand briefly; to advise that Alex was on death's door and thus neither of them could attend the day.

Convertibles were well represented by the Ford Falcons of Dee and Graeme together with Julie and Ron. The former in Blue and the latter in Red livery. Both couples had elected to ensure that they received their share of vitamin D by having the roof down.

Bob Prichard together with daughter Jayne and Matthew Sinagra presented in the Generals offering of an FX Holden. This is the first time I have seen the car, and was later staggered to find out that it still has the original type (with period modifications) "grey" motor because it *really* gets along. I was finding new throttle positions just keeping Bob in sight on some of the hills later on.

Keith and Marilyn were in the enormous (to an M.G driver) Pontiac together with Dave and Pam in the Statesman rounding out the G.M contingent at the start of the event.

After a briefing and receipt of detailed notes from Auntie Dee, we motored off with our first destination being the sleepy hamlet of Kilcoy. Eleventy five thousand motorcycles seem to have decided to visit the area that day, and parking at the morning tea stop was a challenge. We met up with Stan and Jenny in the Commodore, accompanied by Greg and Yvonne in an H.D Holden Premier. The mornos stop was wiled away happily, with Yvonne's excellent freshly baked slice doing multiple laps of the table, while we perused notes on everything to do and see in Moore, provided by Jenny who is an authority on the area.

Moving off in convoy, we left the highway at Woodford to experience some excellent roads. Passing the correctional centre, with fortifications glistening in the morning sun, and some "works in progress" by Main Roads, there was some spectacular countryside to see. So diverting in fact, that Bob needed to exercise his power brakes in the F.X to the fullest extent, in the negotiation of a sharp bend that he ummm didn't see coming up!

Moore provided a pleasant park in the main street, where we pointed our noses under the trees amongst some caravans camped at the spot. On the way in, Dave noted a distractingly bright green FB or EK Holden. After a brief discussion with yours truly on what constituted the different models, Dave moved off to investigate. The rest of us set up for lunch by raising bonnets or glasses, depending on individuals. Takeaway was available as advised previously, whilst others consumed whatever goodies they had brought along.

An intrepid foursome led by "Stan the fearless" went in search of Moore's, perhaps less well publicised attractions. Our holy grail was the collection of Henry van der Molen, who is the mechanical "go to guy" and Rural Fire coordinator. Henry collects hubcaps! He has literally hundreds of them. Some are stacked and some are in boxes or just leaning against a wall. Apparently Henry picks them up on the roadside so there aren't many full sets. We fossicked and Stan threw caution to the wind in relation to any lurking reptiles, with a fervent but successful search for dress trims to adorn the mighty VB Commodore. A deal was done and we left Henry, not before being regaled with an informative history of the concrete Troll who watches the traffic passing by.

Ron was itching to add the Linville Hotel to his list of acquaintances. Accordingly those of us so desiring, tagged along for the ride. The beer was cheap and the company convivial as we sampled the wares in the beer garden out back. It was all great fun but time to head in a homeward direction (S.E I think). Some of the group tallied at the schoolmaster's house to examine local artefacts and others choose to start the journey.

A great day that didn't break the bank. Many thanks to Dee and Julie for organising the run, and Jenny for the information sheet.

Charlie

The Pioneer was originally built in 1892 at Kannangur (Esk Shire) and was called Kannangur Hotel. Canungra changed its name to Yimbum as it conflicted with Canungra in the hinterland so the Pub became the Yimbum Hotel. It has moved 4 times, finally in two parts to Linville with William Wallace as the Licensee. You can feel the history in the pub and see it on the walls with great Pubabilia.

Ohh, poor Graeme. Lemonade

Smile a while

A little boy was waiting for his mother to come out of the grocery store. As he waited, he was approached by a man who asked, "Son, can you tell me where the Post Office is?"

The little boy replied, "Sure! Just go straight down this street a coupla blocks and turn to your right." The man thanked the boy kindly and said, "I'm the new pastor in town. I'd like for you to come to church on Sunday. I'll show you how to get to Heaven."

The little boy replied with a chuckle. "Awww, bullshit... You don't even know the way to the Post Office."

A man was driving down the road and ran out of gas. Just at that moment, a bee flew in his window.

The bee said, 'What seems to be the problem?'

'I'm out of gas,' the man replied.

The bee told the man to wait right there and flew away. Minutes later, the man watched as an entire swarm of bees flew to his car and into his gas tank. After a few minutes, the bees flew out.

'Try it now,' said one bee.

The man turned the ignition key and the car started right up. 'Wow!' the man exclaimed, 'what did you put in my gas tank?'

The bee answered,

Wait for it;

I see you smiling.....
