NEXT RUN DATES:

1. 16<sup>th</sup> July – Jayne Pritchard & Matt Sinagra
2. 13<sup>th</sup> August (2<sup>nd</sup> Sunday) – Bob Pritchard
3. 17<sup>th</sup> September – AGM Toorbul waterfront

*We meet on the 3<sup>rd</sup> Sunday of each month at Centennial Lakes, Caboolture (opp tennis courts) at 8.30am for a 9.00 departure unless otherwise advised.*

**Our Northern Districts Social Car Club exists for the pleasure of getting together with great people that have the similar interests.**

**So please, try to make the effort to come along on these runs.**

**Our members go to a lot of effort to organize our events.**

## **Inside this Issue:**

- May minutes
- May run report
- June run report
- Swap meets and Upcoming events.
- Jokes and funny stories

Well it's that time again to start thinking about taking a position in the club at the AGM in September. We would like to see some new blood in the positions as you can't expect the same ones to do it all the time. None of the positions are hard or time consuming so please step up to the plate and help.

## Car Run May 2017

We met at the usual meeting place for a 9am start.

Heading north we had a lovely drive through the back roads to a rest stop at Elimbah?? (Not sure if this is the right town). It was a lovely little park by the railway line that had a coffee shop/ café directly opposite. It also had toilets in the park. We did our meeting and registration while we were there.

NDSCC – Sunday 21<sup>st</sup> May – Caloundra Air Museum  
Minutes of Meeting: Meeting commenced 10.05am.

Bob thanked everyone for coming today and informed everyone that the club would pay admission into the Air Museum. Everyone was very happy and thanked the club.

Attendance: As Per attendance Book.

Apologies: Yvonne and Greg Staniforth, Michelle Dix, Ron and Julie, Lorraine and Bob Cooling.

Treasurers report:

Balance B/F	4111.55
Income	<u>627.50</u>
	\$4749.05

Graeme moved that the report be accepted – seconded by Bob – Carried.

Secretary Report: Graeme reported that there was one incoming correspondence for Affiliation fee renewal. Four outgoing newsletters. No further business.

Moved by Graeme – seconded by Matthew - Carried.

Social Assistant report: Denise stated that she has made enquiries to the Boonah hotel for the long weekend in October. She will keep us all advised.

General Business.

Bob asked if all members had read and received the minutes of the last meeting. All members had read and received the minutes. Bob move the minutes be accepted – seconded by Denise – Carried.

No business arising from the previous minutes.

Bob pointed out that the usual fee for the air museum is \$13.00 per head/ \$10 for concession card holders. The museum consented to putting our group through at \$9.00 per head. All attending members thought this was very accommodating.

The next run is to be held by Alec and Elaine Gallacher.

July run – Matthew and Jane

August – Bob Pritchard

After no further business – meeting was closed at 10.16am.

Raffle raised \$50.00 and was won by Kim.

**From here we got back onto the Bruce Hwy and continued North to our destination at the Airport Museum in Caloundra. After reading the directions on the run sheet I had no idea where I was going so I thought I'd follow Graham and Denise... cause Graham drives so slow. They got out of the parking area before me and I thought "no problem, I'll catch up and follow them". Not only didn't I catch them but I didn't see them for the rest of the trip. I decided Denise must be driving lol.**

**I think I then picked up the Stag (sorry I don't remember who owned it, or if it was a stag). This car knew where it was going and when it changed lanes I followed. Then I think Alex came up the side of us in the right lane and turned right at the roundabout. The stag and I were in the left lane and so had no choice but to go straight through, do a u turn up the road and come back... but we got there.**

**We were shown by the staff to park around the back, which was nice, and then most of us listened to the commentary by one of the staff about the planes and their history... others (not mentioning any names Denise) took off to look around and take her pictures. She did tell me later that she has been there about 6 times.**

**The guy raved on and on about the planes so I joined Denise and walked around and read about the planes and took photos. We looked at an F111, an old DC cargo plane, the army helicopter used for fly in and out missions, a tiny cropduster that I personally wouldn't trust as far as I can fly it, a very old cockpit that was a house to a colony of ants and starting on the beginnings of the amazon river between the 1<sup>st</sup> and 2<sup>nd</sup> officers seats. I believe that plane was used in the 1970's, maybe early 1980's. There were many other planes and helicopters there all different sizes and shapes. shape and used and built for different tasks. The one I was most surprised by was the Victa single engine aircraft.**

**We got to go in one of the bigger passenger planes and saw how skinny people were back then. I think most of us had to turn sideways to walk up the aisle. Denise took photo's of Stan and I in the pilot seats. We stayed there a long time, only because we couldn't get out.**

**We had lunch and drew the raffle. Vanessa did a marvelous job to draw my number out and make me have to write this so thanks for that deary.**

**A good day was had by all. Well everyone appeared to have a great time. Thankyou to Alex for organising the run, Denise for the great raffle gift, to the stag for helping me get there, Vanessa for drawing my number out and Jen for those yummy biscuits she handed to everyone. If I have left anyone out I apologise, I blame my memory but know that I am thankful for all you all do. Cheers k**

## Club Run 18<sup>th</sup> June to Pioneer Park via Cruise Park

Well, whaddya say when you roll up to our meeting point at 8:45 Am, and the only person you can see is our President – Bob Pritchard – in his faithful FJ Holden. Because the children (and grandchildren) of our members may read this report, I can't repeat what I said, but it was bad. If Denise or Julie had been there, one of them would have given me a clip over the ear for using bad words.

But joy of joys, who should emerge from the back seat of Bob's car but Lorraine & Robert Cooling! I dunno if they were re-living their courting days, but at least I would have 2 more people to talk to. Then Marilyn and Keith Downie showed up, with Keith still explaining why he wasn't driving his hot rod. Fair dinkum, Michelangelo painted the roof of the Sistine Chapel a lot quicker than this car is taking. Its gestation period is longer than an elephant's pregnancy (21 months if you're interested).

By now I was beginning to believe we might have a decent roll up – Lorraine and Gary Paul in their magnificent Mustang, Pat and Vince Vogler, And although we knew neither of the Walters clan or Denise and Graeme were coming, Stan Vallance and Greg Stainforth who were meeting us at Cruise park, made it an even dozen. The run was going to be a timed exercise, each person would estimate the time taken to morning tea, and then the time to our lunch stop, and the closest would win the prize – a genuine imitation Rolex!! A fitting reward for a quiz based on time.

Taking off for a pleasant run through the outskirts of Caboolture along Bellmere Rd, Old North Rd and onto Cambell's Pocket Road via W.Lindsay Rd took us past some very picturesque scenery. The roads were a little narrow, but mostly in good repair, and the great weather made it most enjoyable. Reaching the D'Agular highway, it was a short hop through Woodford to Cruise Park. Stan and Greg had used their persuasive skills to reserve a good space with tables under cover, as we arrived at various intervals – very few of which were close to their estimates!

Suitably refreshed and de-watered, we recorded the time estimates for the next stretch of the run, and set off once again along the Kilcoy Beerwah Road. This section took us through Cedartown and Peachester heading towards Beerwah, again a lovely relaxing drive, through some of our most striking and scenic areas.

Arriving at a rather crowded Pioneer park, we set up camp outside the fence and proceeded to enjoy a leisurely lunch. The attendance was duly recorded, and apologies from those mentioned previously, as well as Michelle Dix and Jenny Vallance were noted. By the way, Michelle is having a pretty tough time of it right now, so anyone who may be able to drop in for a chat, or give her a quick phone call would be most welcome.

Now, for the important stuff... the only person who came close to getting the times correct was Lorraine Cooling, and she took out the major prize. The other Lorraine (Paul) was next closest, with Keith Downie getting the booby prize for the most outrageous estimates imaginable. It must be said however, that his accuracy in estimating not only minutes taken, but also right down to the second, was admirable if grossly overestimated.

I think we all enjoyed a pleasant day out with some laughs and good conversation....and isn't that what we aim for on our runs??

**Run Reports.** It was voted on quite a long time ago that the winner of the raffle got the job of doing the run report and last month Alex got the job. That doesn't mean you can get out of buying tickets.

## TWO ALIENS

Two aliens landed in the Arizona desert near a gas station that was closed for the night. They approached one of the gas pumps and the younger alien addressed it saying, "Greetings, Earthling. We come in peace. Take us to your leader."

The gas pump, of course, didn't respond.

The younger alien became angry at the lack of response.

The older alien said, 'I'd calm down if I were you.'

The younger alien ignored the warning and repeated his greeting. Again, there was no response.

Pissed at the pump's haughty attitude, he drew his ray gun and said gruffly, "Greetings, Earthling. We come in peace. Take us to your leader or I will fire!"

The older alien again warned his comrade saying, 'You probably don't want to do that! I really think that will make him mad.'

'Rubbish,' replied the cocky, young alien. He aimed his weapon and opened fire. There was a huge explosion. A massive fireball roared towards him and blew the younger alien off his feet and threw him in a burnt, smoking mess about 200 yards away in a cactus patch.

Half an hour passed. When he finally regained consciousness, he refocused his three eyes, straightened his bent antenna, and looked dazedly at the older, wiser alien who was standing over him shaking his big, green head.

'What a ferocious creature!' exclaimed the young, fried alien. 'He damn near killed me! How did you know he was so dangerous?'

The older alien leaned over, placed a friendly feeler on his crispy friend and replied,

'If there's one thing I've learned during my intergalactic travels, you never mess with a guy who can loop his penis over his shoulder twice and then stick it in his ear.'

Do not use chemicals to kill ants. Instead, get a spray bottle, fill it with water and salt (25%), shake well, spray... boom, dead!

## DADDY LONG LEGS.

A father watched his young daughter playing in the garden. He smiled as he reflected on how sweet and pure his little girl was. Tears formed in his eyes as he thought about her seeing the wonders of nature through such innocent eyes. Suddenly she just stopped and stared at the ground. He went over to her to see what work of God had captured her attention.

He noticed she was looking at two spiders mating.

"Daddy, what are those two spiders doing?" she asked.

"They're mating," her father replied.

"What do you call the spider on top?" she asked.

"That's a Daddy Longlegs," her father answered.

"So, the other one is a Mommy Longlegs?" the little girl asked.

As his heart soared with the joy of such a cute and innocent question he replied,

"No dear...both of them are Daddy Longlegs."

The little girl, looking a little puzzled, thought for a moment, then lifted her foot and stomped them flat.

"Well", she said,

"We're not having any of that """""""" in our garden !"

(Sorry folks. Deleted the exact words so as not to offend anyone.)

## LIONS SEX

Two old men are drinking in a bar,

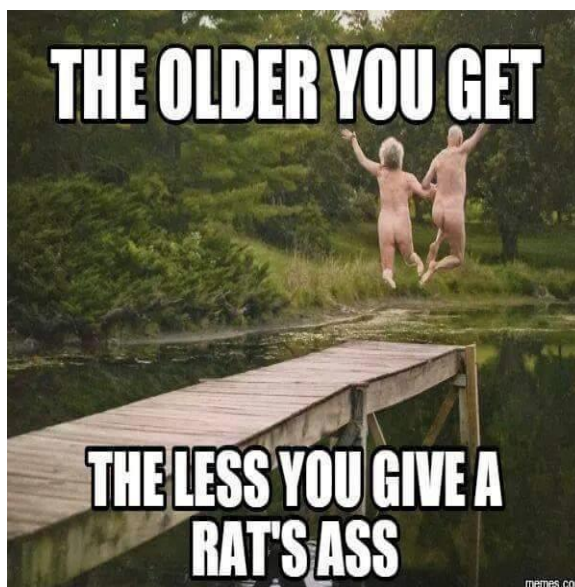

One says

“Did you know that Lions have sex 10 to 15 times a day?”

“Aww, darn!” says his friend, “and I just joined Rotary!”

.....

WARNING TO US ALL!!!  
Shampoo Warning!  
I don't know WHY I didn't figure this out sooner!  
I use shampoo in the shower!  
When I wash my hair, the shampoo runs down my whole body, and Printed very clearly on the shampoo label is this warning, "FOR EXTRA BODY AND VOLUME."  
No wonder I have been gaining weight!  
Well! I have gotten rid of that shampoo and I am going to start showering with Dawn dish soap instead. Its label reads, "DISSOLVES FAT THAT IS OTHERWISE DIFFICULT TO REMOVE."  
Problem solved!

For all those celebrating a birthday, anniversary etc, have a marvellous day and all those not feeling too well, a speedy recovery.
