The AGM minutes from last year were handed out to members. Have all members read the minutes – Moved minutes by accepted by Julie –seconded by Jenny – all read and carried.

Alec had a chat about how this club started back in 2008. It was just 5 members originally who were the founding members of the club – Julie pointed out that there was a bit of unrest in a club that they were members of, so it was decided to start their own. They each threw in \$20.00 to become a proper affiliated club. The rest is history – we now have over 100 members.

PRESIDENT'S PRATTLE – SEPTEMBER 2022.

Okay, I know there are many worrying things happening in our world today, but I couldn't help looking at the latest Shannons Auction site to see how some people are handling the rise in the cost of living. Doubtless many are selling their beloved classics because of the tough circumstances they may be in, but it's interesting to see what others will pay for automotive classics and other trivia.

Let's start with some vehicles we may be familiar with:- A Ford XY GY Phase iii, \$488,888 – obviously someone with an obsession about the number 8! An Indian "Scout" motorcycle \$56,000, everyone's favourite, an E Type Jaguar \$110,500. Finally, one for Neils & Aileen and John Westerhuis ... a 1958 FC Holden Special sedan \$65,500.

But these are just a prelude to the main event, the number plate insanity! In Queensland a low three figure number plate could cost as little as \$105,000 (**791**) or as much as \$155,000 (**246**). In Victoria the number **530** was sold for \$466,500 which proves some things are cheaper in Queensland. Unusually, three figure plates in NSW are cheaper than Victoria at \$370,000 for number **606**.

But the total insanity, which defies any sort of logic is the prize winner for the NSW plate number **28** – a staggering **\$2,000,500!!!** You are not seeing things, a little over two million dollars for a number plate?

To put that in perspective, for that money you could have bought ALL of the above vehicles, plus a very nice vintage 1923 Rolls Royce (191,000) and a "cheapo" QLD plate (791) to put on it, and still have nearly a MILLION dollars left over!

I guess not everyone is doing it tough.

(Thanks to Alec Gallacher for sending this in)
