Equine Behavior, Handling and Herd Movement specializes in providing comprehensive guidance and knowledge to individuals involved in the handling and management of equines. We bring insights and practical solutions to enhance animal behavior, handling techniques, and herd movement strategies. We empower you to develop a deeper understanding of equine behavior and movement, fostering a harmonious and effective relationship between you and the equine you are handling.

Class is free and open to all ACO's, ASOS, Search and Rescue Members, Posse, Mounted Patrol, or those interested in becoming an authorized Equine- Large Animal Disaster Volunteer in Marin County.

Scan the QR Code or visit [www.glhorsemanship.com](http://www.glhorsemanship.com) and register today. Registration is required to attend.
