

Dear Friends and Community Members,

I, Deepak Maskey, honored to stand before you, sharing my vision for our community's future. Our community has grown and thrived just in such a short span, and I'm proud of what we've achieved together. As we've worked towards establishing a community center, we've overcome challenges and celebrated successes. We've built a strong foundation, and I'm excited to continue this journey with you.

My experience over the past term has provided me with a deep understanding of our community's needs and the practical knowledge required to get things done effectively. My professional experience as a State Engineer—serving on state and national committees and collaborating with universities, other States, cities, local agencies, private organizations, and industries has helped to streamline efforts and support meaningful improvements in our community.

Some highlights of our progress include:

- Acquiring a community building, debt-free, and establishing a framework for its operation.
- Hosting cultural events and festivals that UNITES us together.
- Providing educational programs and support for members.
- Launching initiatives like Robotic Class for youth.

Looking ahead for next 4 years, I'd like to focus on:

- Enhancing communication, transparency, and engaging members in decision-making.
- Organizing additional events that foster connection and UNITY.
- Developing programs for youth leadership and engagement.
- Improving and expanding community facilities, and planning for maximum use.
- Increasing membership and encouraging existing members for next membership level for stability.
- Building partnerships with local organizations.
- Maintain zero tolerance for political interference.

I believe in working together and the progress we've achieved is the result of collaboration, trust, and shared purpose.

I humbly ask for your vote to allow me to continue this important work.

Thank you for your consideration.

Sincerely,

Deepak Maskey

Candidate for SNCC President
