Priority Re-Enrollment

While we are open year round, WVCA Preschool has an annual beginning, and end. We are entering our priority reenrollment period where we offer our currently enrolled families opportunity to secure their placement in the following school year set to begin June 1, 2026.

You will receive an individual email with your child's 2026-2027 School Year placement, and re-enrollment details this month. Our last day of school is May 22, 2026.

We are looking forward to another amazing year together!

Exiting TK to Kindergarten keep an eye out for your special Kindergarten Visit Field Trip & Sneak Peek Day!

Winter Wonderland STEAM Week January 26th-30th

WVCA Preschool will be having a STEAM, *Science, Technology, Engineering, Art, and Math*, week.. Our preschoolers will spend the entire week immersed in STEAM activities related to winter.

Science is an important aspect of our preschool curriculum. The CA Preschool Curriculum Framework emphasizes the importance of teaching Science through *Active Inquiry* by providing preschoolers experiences of scientific inquiry, developing investigation skills, and stimulating an interest in Science.
