WVCA Preschool is a year round school that operates with a beginning and end to each school year. The re-enrollment process is a priority registration period for currently enrolled families to secure placement before we begin to accept applications for the following year. It also provides us an annual opportunity to review our Admissions Agreement, Parent Handbook Policies, and to transition students aging out of their current program placements. **New placements begin June 6, 2022.**

**IMPORTANT Tuition Increase Benefit Note:**

Tuition is increasing for the 2022-2023 school year. All families who complete the priority re-enrollment forms by FEB 28 will have their tuition rate honored for an additional school year.

**Your child's placement is not guaranteed until the completed re-enrollment packet has been submitted. Please make sure to take advantage of the priority registration period to avoid being considered a new family beginning MARCH 1, and will be responsible for the \$100 registration fee and 2022-20223 tuition rates.**
