

# Welcome

## Back to School

### September 2025

WVCA Preschool is a full year program with seasonal components to ensure our students are provided with a well rounded, and engaging school experience. We wrapped-up our Summer Component and are entering the Fall Component that includes the introduction to our **New Beginners Bible Curriculum** and our **School Readiness Curriculum**. The transition includes welcoming new students to all of our classrooms.

### It's ASQ Time!

We partner with Help Me Grow of San Joaquin County to ensure every child is screened annually for their emotional and physical development. Help Me Grow is an agency that can provide advocacy, and support to resources for any developmental needs that may arise.

Parents know their child the best, and are the most equipped to complete these screenings. It only takes about 10-15 mins.

**Our goal is that 100% of our students are screened annually. Help us reach that goal!**

### The Beginner's Bible Curriculum

Each week the student's will be introduced to a Bible story

Every Wednesday at 9:30 in the gymnasium, we'll gather for chapel to worship and explore a Bible story from our new Beginners Bible curriculum. Be sure to check your child's folder for our parent page so you can join in discussing the week's Bible story at home.

### PICTURE DAY
