

### Summer 2021 Preschool Curriculum Framework

WVCA Preschool uses the [Teaching Pyramid](#) as a curriculum framework that ensures that children are taught critical executive functioning skills that equip them for a successful school year, and build pathways to deeper learning and understanding of concepts, and the world around them. 30 years of research has concluded that children need meaningful relationships with peers and adults, reliable routines, high quality safe learning environments, and highly competent early educators for lasting child outcomes. **We don't memorize facts in preschool, we LEARN!**

**Each week teachers will lesson plan with summer fun concepts and topics while embedding the following critical social emotional skills that will prevent behavioral issues that typically impact preschool learning.**

#### June– Relationships, Routines, and Regulation

Each week will be devoted to intentionally teaching children about their new classroom learning environments, how to use materials, the class rules, routines, and getting to know their teacher and friends.

June 1-4 Welcome to School (My New Classroom)

June 7-11 My Classroom Community

June 9– Traveling Petting Zoo Visit @ 9:30 AM

June 14-18 We are Safe, Kind, & Respectful

June 21-25 Tucker Turtle

June 28-July 2 Exploring Creative Materials

#### July– Super Friend

Each week children will be focused on how to develop friendships, play with purpose, problem solve with appropriate strategies, and redefine Super Heroes with the Fruits of the Spirit.

July 5– CLOSED Observance of Independence Day

July 6-9 What is a Super Friend?

July 12-16 Conflict Solving Steps

July 10 Teddy Bear Picnic– Bring Your Bear Today

July 14 Kona Ice Truck Visit @ 2:30 PM

July 19-23 Conflict Solving Strategies

#### August– Preschool Learning Foundations

Students will explore each area of learning that will be taught in depth through out the year. This offers teachers an opportunity for a quick assessment of strengths and areas in need of learning.

July 26-30 Language and Literacy

August 2-6 Mathematics

August 16-20 Physical Development **St. Jude Trike-a-Thon AUG 16**

August 23-27 Science

August 30– SEP 3 Visual and Performing Arts
