

Wee Care Preschool & Child Care

2018

Wee Care Preschoolers are Breaking a World Record!

Wee Care is joining millions of children across the nation to read the same book on the same day highlighting the importance of early childhood literacy. We will have an all preschool story time at 9:30 AM, reading *Maybe Something Beautiful*, about the true story of a little girl who inspired her community through art and color. We will wrap-up the event with mural painting outside. Each child will get a World Record Breaking Certificate for participating in the event.
