

**WEST VALLEY**  
**CHRISTIAN ACADEMY**  
PRESCHOOL - 8TH

**2025**

### Preschool Priority Re-Enrollment Period JAN 27-FEB 28

WVCA Preschool is a full year program that has an annual end and beginning. Each year before our anticipated last day of school, we offer our currently enrolled families a **priority re-enrollment period** to secure placement for the following school year. This period also serves as an opportunity to review our annual updated documents that include:

- Program Calendar
- Parent Handbook
- Annual Fee Schedule
- Update Admissions Agreements & Emergency Contact Information

If you are a returning family expecting enrollment in either our Toddler, Preschool, or Pre-Kindergarten Departments for the 2025-2026 school year set to begin **June 2**. **Re Enrollment Documents have been email via Procure Under Documents.**

**Priority Re-enrollment Period Concludes FEB 28.** Any family who does not complete the re-enrollment process with submission of the required forms will be considered a new family, and will require the submission of a new application, and will be responsible for the 2025-2026 Fee Schedule tuition rates.

### 2025-2026 Classroom Placements & Summer Schedule:

WVCA Preschool will provide you your child's expected classroom placement, and share the details of our amazing summer at the conclusion of our priority re-enrollment period with a transition plan email and summer.

### ***Classroom Valentine's Parties***

All Classrooms are celebrating Valentine's Day on Friday, FEB 14 during regular classroom times. Please bring enough valentine's for your child's classroom. Please have your child practice writing their name, or write it on their behalf in the "From" section, and leave the "To" blank.

Early release Day 4:30

#### **FEB 28**

Last Day of Preschool Priority Re-  
Enrollment

# Spring and Graduation Picture Day is on February 27th and 28th

## February is Dental Health Month

### Oral Health Tips for Kids

It is recommended by ADA to brush for 2 minutes 2 times a day to promote healthy oral health, and avoid the preventable dental issues young children face.

1. Have children choose their own toothbrush and toothpaste. They will be more likely to brush without a fuss.
2. Limit toothpaste to a pea size amount.
3. Use a ADA approved fluoride toothpaste to prevent cavities.
4. Avoid sticky, chewy, and hard sugary treats.
