Textures⁺ Collection

Per il mondo del design, dove pattern e texture sono una componente fondamentale, Antolini® ha creato ed ampliato una collezione straordinaria, che presenta la pietra naturale valorizzata da quelle percezioni tattili e quelle suggestioni che le trame dei tessuti regalano all'Haute Couture: Textures+ Collection.

In the world of design where patterns and textures are fundamental components, Antolini® has created and expanded an extraordinary collection which presents natural stone enhanced by all the tactile perceptions and suggestions that fabric textures give to Haute Couture - the Textures+ Collection.

Textures⁺ Collection trasforma dunque letteralmente il concetto di pietra naturale, introducendo un linguaggio che, come mai prima, interseca due mondi: quello dell'arredo e quello della moda.

Textures⁺ Collection transforms the concept of natural stone, introducing a language like never before, bringing the worlds of architecture and fashion closer together.

Intrecci, nodi, intarsi e pigmentazioni irregolari disegnano una nuova intensità espressiva: il movimento e la tridimensionalità permeano l'intera collezione, integrandosi alla ricchezza di sfaccettature che fanno di ogni materiale una proposta inconfondibile.

Interweaving, knots, inlays and irregular pigmentations create an expressive new intensity: movement and three-dimensionality permeate the entire collection, mixing with a variety of facets and making each material inimitable.
