## MONTROSE BOARD OF COUNTY COMMISSIONERS

### REQUEST FOR INTERVENTION

THE HONORABLE DONALD J. TRUMP  
1600 PENNSYLVANIA AVE NW,  
WASHINGTON DC 20500

Dear President Trump,

The Montrose County Board of County Commissioners writes you today with the utmost urgency and profound commitment to defend the Constitution of the United States. We are witnessing, firsthand, the rapid decline of Constitutional Governance within the State of Colorado.

Through a relentless wave of unconstitutional state legislation and government overreach, the Great State of Colorado is stripping it's citizens of rights once secured under the Constitution. Critical protections; including those enshrined in the Second Amendment, rights of parents, and rights of the people of self governance are being systematically dismantled.

This is not a partisan alarmism. It is a reality, plainly seen across rural Colorado and beyond. Citizens are being criminalized for lawful actions. Families are losing control over their childrens upbringing. Property owners are being buried under regulatory tyranny. County governments, the last bastions of local voice and representation are being rendered powerless against the state's growing central authority. The citizens of Montrose County, and rural Colorado deserve better. They deserve constitutional leadership that will stand against this tide of oppression.

Accordingly, we respectfully call upon your administration, the United States Supreme Court, and Attorney General Pam Bondi to urgently intervene.

- To review Colorado's legislation that violates rights guaranteed by the Constitution.
- To advocate for and uphold the fundamental liberties of the people of Colorado;
- To support rural counties and local governments committed to preserving and defending the United States Constitution.

We are calling upon the Federal Government, as guardians of the Constitution, to step forward and defend the People of Colorado against their own State Government's unlawful actions. When a state violates the fundamental rights of it's citizens, it becomes the solemn duty of the nation to intervene and restore Constitutional order.

We do not make this request lightly. We make it as public servants sworn to uphold the Constitution, and as representatives of a citizenry growing increasingly desperate to see their government defend them, not oppress them.

If Colorado falls, the pattern will replicate across the nation. If the Constitution can be trampled in Colorado without consequence, no state will be safe from the same fate.

The silent majority still believes in the American promise - but we cannot win this fight alone. We are pleading for your voice, and your leadership before it is too late.

Respectfully Submitted,

Attest

Clerk/Deputy Clerk to the Board
