COMFORT

THAT KEEPS EVERYONE HAPPY

The Rheem *Classic*® Series Air Conditioner offers the solid technology and energy-saving performance you've come to expect from Rheem. It's also quiet, so you won't give your indoor home comfort a second thought.

RA14 *Classic*® Series
Efficiencies: 15 SEER / 12.5 EER

Quiet and Efficient

Our new air conditioners are designed to perform both efficiently and quietly, delivering indoor home comfort you can count on when you need it most.

Exceptional Quality and Reliability

Our *Classic*® Series includes features that help fight corrosion, reduce leaks and enhance the overall strength of your air conditioner so you can be confident in the way it performs.

INTEGRATED HOME COMFORT

Rheem.com

We Thought of Everything... And Then Some

The Rheem *Classic*® Series Air Conditioners were developed using our 360°+1 design philosophy, which means every detail of the product is meticulously evaluated from every angle. We consider the work that goes into installing and servicing our products, as well as how we can deliver the very best homeowner experience. And then we take it a step further. That's 360°+1. And that's why you can count on your Rheem Air Conditioning unit to bring you and your family years of comfort.

Count on Staying Cool and Comfortable

A smart, efficient design makes the Rheem *Classic*® Series Air Conditioner one of your best options for staying cool inside. Each new unit includes a generous list of features that work together to bring you quiet, efficient and reliable indoor comfort.

Reliable and legendary **1 scroll compressor** technology makes the *Classic*® Series as efficient as it is durable. The **2 optimized fan orifice** also contributes to quieter operation, optimal airflow and better overall performance. Simply put, you get efficient comfort that lasts a very long time.

A quieter and more durable unit starts with our smart new **3 composite base pan**. The design helps eliminate corrosion and adds to quieter performance. Extensive UV testing was done to ensure that the base pan stays black for years to come. Our improved refrigerant tubing design also contributes to a quieter, more reliable operation. For added strength, **4 curved louver panels** and **5 rugged corner posts** on the exterior do an excellent job protecting the inside.

Curb appeal is not lost on our new *Classic*® Series. Our air conditioners look as good as they operate. Modern cabinet aesthetics allow your unit to put its best face forward, and a powder coat paint system provides a lasting professional finish.

Fast and accurate installation and maintenance means your savings start with the installation of your new unit. Our *Classic*® Series Air Conditioners are built to go in fast and easy. The control box is also easy to access, and a roomy diagnostic service window means maintenance calls go quickly, saving you time and money.
