

Subject: Price Adjustment Notice – K-Cups & Soft Pods

Dear Customer,

We want to take a moment to thank you for your continued partnership and support of Bucket List Coffee Roastery. We truly value the relationship we've built and the opportunity to supply you with our K-Cups and Soft Pods.

Due to a combination of rising costs — including green coffee, packaging materials, freight, and labor — we will be implementing a price increase on all **K-Cup and Soft Pod products**, effective **November 30th, 2025**.

While we've worked hard to absorb these cost pressures over the past year, this adjustment is now necessary to maintain the quality, consistency, and service that you expect from us. The updated pricing will be reflected on all order on and after November 30th, 2025.

We greatly appreciate your understanding and continued business. Please don't hesitate to reach out if you'd like to review specific product impacts or discuss how we can best support this transition.

Warm regards,

Bobby Chapelle
Bucket List Coffee Roastery
