This is to notify that due to the general cost increases on imported products, we need to request a price change on the plantains & other snack products effective March 11th, 2022.

Over the past months the ocean freight carriers continued to increase their rates & by the end of next month our costs of raw materials to produce the snacks will also be due to increase.

Thank-you for your attention in this matter and for any questions or additional information, please feel free to contact me.

Best Regards,

Sharon Sager
