

# Single Cup Coffee™

Dear Customer,

Over the past year, we have seen increased and sustained costs in the coffee market, as well as freight and labor. After carefully analyzing these costs, we must inform you of a necessary upcoming price increase on all Single Cup Coffee products. We will be sending out a new price list that will take effect on October 14, 2024.

We thank you for your continued business and support.

Sincerely,

Tim
