A	<i>Trac Cao</i>		<i>Kagin Lee</i>	A
Y				Y

HOW TO FILL OUT THIS FORM

You must write legibly. Use full names. NO nick names.

Results from these match slips will be used for USATT ratings. We must be able to read them!

1. Meet the opposing team captain. One team will play in the "ABC" positions, the other team will play in the "XYZ" positions. Flip a coin to see which team gets their choice. Circle the positions - in this example, RTTC Spinners are XYZ, and Control Deskers are ABC.

2. Fold the form in half lengthwise. You will fill in half of the form, your opponent will fill in the other half.

3. In this example, the RTTC Spinners filled in their half first and decided that Nguyen would play in position X, Cao would play in position Y, and Thayib will play in position Z. They wrote their names (in italics) in the spaces on the left side, and X, Y, and Z next to their names.

4. The form was handed to the Control Deskers, folded in half such that the Control Deskers can't see who the RTTC Spinners decided to play. The Control Deskers filled out their half of the form without knowing their opponents' selections.

5. After the form is filled out by both teams, you're ready to play! Play in order, on both tables that you're assigned to. There should be two matches in play at all times. Record the scores of each game in the blanks as each match progresses. Circle the winner of each match, as well as the winner of the team contest.
