Fight against cancer with dignity and hope!

Ref:JAX102016

Date: 16-29/10/2019

Dear Madam/Sir,

Subject: This Diwali lifts a hand & light a heart. Join us to bring smiles to the kids admitted to the Hospitals.

Every year Foundation celebrate Diwali, the festival of light by touching the lives of the little children in hospitals in a meaningful way. While you are busy celebrating Diwali with sweets and lights, remember that festivals are about spreading joy around and you can always make some contribution towards the society according to your capabilities.

There are a number of children who spend Diwali in hospitals as they are suffering from various illnesses and who may not have anything to look forward to this Diwali. However, you can bring a difference to their life. Sometimes, all it takes is a little love and care so when you are busy in exchanging gifts with near and dear ones, just give a thought to bring little happiness to these kids. Foundation help underprivileged patients who are currently undergoing various medical treatments in government hospitals.

Diwali is a excellent time to start thinking about helping other people. This includes providing food, clothing and toys for families to enable them to experience the joy of the Diwali Festival. Giving warmth, love and hope. That's what Diwali should be all about.

We want you to join us and become a part of our Foundation. If you wish to donate, please make payment by paytm app. Paytm Number is 7503773346.

Please help us in our fight against cancer!

Regards,
TEAM - JAX
Jax Healthcare Foundation
