

New England Veterinary Conference

September 26-29, 2019

Portland, Maine

New England Veterinary Medical Association 2019 Board Members

President: Michele Consiglio, DVM (Rhode Island) is chief of staff at West Shore Animal Clinic in Warwick, Rhode Island. She received her DVM from St. Georges University in 2004 and performed a clinical rotation at Louisiana State University. Dr. Consiglio is a past president of the Rhode Island Veterinary Medical Association, a member of the Rhode Island Board of Licensure and was named Rhode Island Veterinarian of the Year in 2013. She spends her spare time with friends and family which includes three black cats and a Boston Terrier.

President-Elect: Mary Labato, DVM, DACVIM (SAIM) (Massachusetts) is a Clinical Professor in the Department of Clinical Sciences at Cummings School of Veterinary Medicine at Tufts University. She received her DVM from Tufts in 1983. She is a Past President of the Massachusetts Veterinary Medical Association and is the 2014 recipient of the Massachusetts VMA Distinguished Service Award. Mary and her husband Paul share their home with a Bernese Mountain dog.

Treasurer: Kristine L. Hoyt, DVM (Maine) owns Cats on Call, a feline-only practice in Scarborough, Maine. She received her DVM from the University of Wisconsin in 1990. She initially trained to work with zoo animals, before completing an internship in small animal surgery and medicine. In the summer of 2010, she traveled to Botswana, where she worked in the bush, tracking leopards for the purpose of placing radio collars. She lives at Higgins Beach with her daughter, three cats, and one dog who thinks she is a cat.

First Vice President: Edward Grace, DVM (Connecticut) is a partner at Bolton Veterinary Hospital, a 23 doctor small animal and emergency referral hospital in Bolton, Connecticut. He is a 1988 graduate of Purdue. Dr. Grace lives in Coventry, Connecticut with his wife Susan, son Adam, and their dog Daisy. Dr. Grace

has served on several town committees, the CVMA board, and was for 16 years the Cross Country coach for Coventry High School. When not working his interests include running, cycling, nordic skiing, and piano.

Second Vice President: Hailey Gentile, DVM (Vermont) is an associate veterinarian at Onion River Animal Hospital in Berlin, VT. She is a 2007 graduate from Washington State University, Go Cougs! Dr. Gentile lives in Glover, VT, a stone's throw from the Canadian border, with her husband, one dog (Bow), and a cat (Noodle). She is a past president of the Vermont Veterinary Medical Association and a previous chair of the AVMA Veterinary Leadership Conference Planning Committee. In her free time, Dr. Gentile loves to travel with her husband, hike, and watch Steeler football!

Third Vice President: Elizabeth Kellett, BVSc (New Hampshire) is an associate veterinarian at Blackwater Veterinary Services, a mixed animal practice in Salisbury, New Hampshire. A graduate of Massey University in New Zealand, Dr. Kellett is a Past President of the New Hampshire VMA. She and her husband share their old farmhouse with 2 daughters, a dog, a cat and many chickens. Dr Kellett loves being a part of the local community, rowing, and weaving in her spare time.

Immediate Past President: David Stowe, DVM (New Hampshire) is a graduate of the Cummings School of Veterinary Medicine at Tufts. Dr. Stowe is a Past President of the NHVMA and just completed his term as president of the NH Board of Veterinary Medicine. He currently serves on the Advisory Board of the NH Veterinary Diagnostic Laboratory, and is the NH AVMA Delegate. When not involved in veterinary medicine, he spends his time with his family and enjoys sailing, hiking, and rowing.

The New England Veterinary Medical Association is essentially a federation, with each New England state VMA appointing or electing a Director, whose primary purpose is to plan this annual Conference, now in its 85th year. Every veterinarian who is a member of a New England state VMA is also a member of our New England VMA. In recent years almost all of the annual net financial gain from this Conference has been distributed in equal shares to the charitable foundations of the six New England VMAs and to the Veterinary Scholarship Trust of New England (VSTONE).

Our Conference now also hosts the Northeast Veterinary Leadership Meeting, at which the top elected leaders and staff of the New England states and New York discuss key issues with AVMA leadership and Region One Delegates, the Dean of Cummings School of Veterinary Medicine at Tufts and New England's state and federal regulatory veterinarians.

Welcome to the 85th New England Veterinary Conference

Hello Everyone,

Welcome to the 85th annual New England Veterinary Conference. Whether this is your first time or your twentieth, enjoy a diverse conference that will not only fulfill your continuing education requirements, but maybe give you insight into some emerging topics all while exposing you to a thriving historical city. Fall in New England is a unique experience and Portland provides the foliage as well as the beauty of a waterfront city. You can enjoy some great food and craft beer here in Portland or head up the coast and hike a trail that will clear your head and give you views to remember. We also have some great activities planned during the conference. Sail out on the harbor to enjoy the sunset while enjoying some local craft beers on Thursday evening or wine on Saturday evening. Friday night take a ferry to Peak's Island for a lobster bake.

But it's not all about the local activities. Whether you are here as manager, technician or DVM, we have topics for you this weekend. You can review urine sediments one day, figure out that grain free diet the next, and end with a bit of wellness and maybe learn what to tell your clients about cannabis. There is a conference app with schedules, speaker notes and some local information.

And there is no guilt to feel by coming to this conference: our goal is to provide continuing education to the New England veterinary community and most of the proceeds are returned to the charities of the New England state VMAs, as well as VSTONE (Veterinary Scholarship Trust of New England). So by joining us, you help our veterinary community.

Also, to reduce our carbon footprint, we have provided you with a new water bottle to keep you hydrated as you move from lecture to lecture and explore Portland.

I truly hope you enjoy your time in Portland; it's my favorite weekend of the year.

-Sig

Michele M. Consiglio, DVM
2019 President, New England Veterinary Medical Association

Workshops and Lectures

Q&A with the DEA

Friday, September 27, 7:30 am

Have questions about compliance with DEA regulations? Wondering about renewing your DEA number? Curious which drugs in your hospital are most likely to be diverted? Diversion Inspectors from the New England DEA's Diversion Control Division will be on hand on Friday to answer your questions and talk about their mission "to prevent, detect, and investigate the diversion of controlled pharmaceuticals and listed chemicals from legitimate sources while ensuring an adequate and uninterrupted supply for legitimate medical, commercial, and scientific needs."

Corporate Consolidation: Is it for you? If not, now what?

Jim Stephenson, DVM, CBA

Saturday, September 28, 7 - 8 am

Practice owners viewing of their exit strategies from practice ownership are immersed in the possibility that corporate consolidation could be their most profitable way out. But is that still the case? There are new faces, and new developments that make the acquisition landscape opportunities greater for some, but slipping away for others. Come have breakfast with Simmons and learn what the new developments in practice sale opportunities are, and if they apply to your future! 1 CEU available - distributed at the session. **No charge to attend. Please check with Simmons booth #56 to find out if there is space available. Lounge**

Christian Veterinary Mission Presentation

Saturday, September 28, 11:45 am - 12:45 pm

Join us for this special time of fellowship with NE Region Representative, Curtiss Gibbs, hear a brief devotion "Strong and Courageous" based on Joshua 1:9 and get an update on where God is at work through CVM and veterinary medicine around the globe! Christian Veterinary Mission is a fellowship of Christian veterinarians who are committed to living their faith out through their profession and serving in developing countries around the world. (Pick up your lunch in the exhibit hall and CVM will provide dessert.) **No charge. York Room**

Veterinary Nurse Initiative Update

Erin Spencer, MEd, CVT, VTS (ECC)

Saturday, September 28, 11:45 am - 12:45 pm

The Veterinary Nurse Initiative (VNI) is a hot topic in the veterinary community, generating a lot of discussion. The goal of this update is to provide a brief history on the initiative to show how NAVTA came to the decision to pursue the VNI, the goals of the initiative (it's not just a name change), and an update on current legislative efforts. Please bring lunch from the exhibit hall. **No charge. Vermont Room**

Health Certificates: Information Resources and Other Tips

Adam Crumpton, DVM

Saturday, Sept. 28, 11:45 am - 12:45 pm

This presentation will include: How and where to find current import/export information for live animal traveling internationally, as well as additional resources for import/export; The basics of issuing international health certificates including the proper completion principles when completing health certificates; Avoiding common mistakes; Important tips and advice for completing Export Health Certificates. Please bring lunch from the exhibit hall. **No charge. CT/RI Room**

PhotoBioModulation (PBM) Therapy Essentials (Low Level Laser)

Dr. Richard Amy

Sunday, September 29, 7 - 8 am

PhotoBioModulation (PBM) therapy is proven to decrease pain, inflammation and muscle spasms; stimulate nerve function; increase blood flow; break up scar tissue; speed wound healing; and much more. Join us to discover more about this proven, safe and non-invasive modality! Biological clinical effects of PBM Therapy & Rehab; PBM and peripheral nerve regeneration in animals; PBM and wound healing case studies; PBM and decreasing pain and inflammation case study; How Laser Therapy will transform your practice; Top 3 conditions veterinarians treat successfully with laser therapy: Post-Op, Skin Conditions, Pain & Arthritis. 1 CEU available, distributed at the session **No charge, but pre-registration required - check with Avant Wellness at booth 43. Lounge**

Reducing Workday Stress on Your Body

Back Cove Personal Fitness

Sunday, September 29, 12:30 - 2 pm

Everyday life from sitting at a desk to standing in exam rooms or just looking at your phone can be hard on your body. Good Posture isn't about standing up tall. Learn about the science of posture to help you gain an appreciation for better quality movement throughout your workday. Come prepared for a mix of discussion, demonstration, and movement participation. Topics : Rib and diaphragm mechanics, Underlying reasons for muscular tension, Strategies for better standing, sitting, and walking. **No charge, but please check with the registration desk to see if space is available. York Room**

Lecture Room Locations
