

2026 Show Low Farmer's Market and Art Walk Rules

The Market Manager of the Show Low Main Street Farmer' Market and Art Walk, with full support of the Board of Directors, shall enforce these rules and regulations. The market team and board members shall interpret these regulations according to the best interest of the market. It is in the community's best interest to allow the broadest diversity of products that the White Mountains has to offer. With that being said, we are using an application process this year to ensure variety and allow priority to local growers as this is a Farmer's Market first and foremost. Applications will be juried based on product, date received, and available space.

The categories and definitions for vendors are:

Agriculture – Produce that has been grown in the Four Corners area (AZ, NM, UT, and CO). Meat that is from animals born and bred on the producers' land and processed at the USDA inspected facilities. Other products such as jerky, eggs, honey, soaps or yarn from these animals. Foraged and wild crafted items where the producer responsibly wild harvests raw agricultural products from their own land or public lands with minimal additional ingredients (mushrooms, prickly pear, palo verde beans).

Prepared Foods – Vendors offering freshly made food and drinks available for sale and immediate consumption on site. Vendors must have a commercial kitchen with a current health inspection in good standing. You must provide your health inspection, and an AZ Food Handlers Card.

Processed Foods – Culinary products that have changed the form, flavor, blend and/or substance of the raw product using 50% locally produced ingredients (within the Four Corners area). You must provide your AZ Food Handlers Card and AZ Cottage Food Registration (jelly, jam, salsa, breads, cookies).

Artisan – Vendors that produce items with materials from outside the Four Corner's area but integrated and/or created with a local artist within the Four Corners area (skincare products, jewelry, art, custom products).
