

This Repair form is for 6.0L Ford FICM's

This repair is for hard start, no start, rough running and misfire issues caused by FICM issues on 2003 – 2009 Ford 6.0L diesels. The FICM will be repaired and no programming will be necessary.

Complete this form and mail it to us along with the FICM and a check for **\$200.00** made payable to: **The Driveability Guys. 82 E. Hummingbird Ave. Cortland, IL 60112.**

Return shipping is included. Turn-around time is usually 1-2 business days from the time we receive the component.
