Our Beautiful

"Local" Ukranian!

By: Tom Bithell

For the people who regularly visit Lakeside Lodge, Maryna Honcharova has become well known to them over the last couple of years. She is young, energetic and friendly, and impossible not to like.

And if you have met Maryna, you probably know a little of her story. Maryna and her mother Olena come from the Ukraine. I've been intrigued with what she's told me over many casual conversations about her journey to Lakeside Lodge, and what the experience here has been like for her. So I asked her if we could write a story about it.

It's only been a couple years since Maryna and Olena arrived in the USA from Kiev. It was all set in motion after Russia invaded Ukraine on February 24, 2022. A day Maryna will never forget.

"I looked out my window and saw a traffic jam at 6 ÅM. There were lines of cars leaving the city. People were going to ATMs to get money while they could. The grocery stores were full of people buying everything they could."

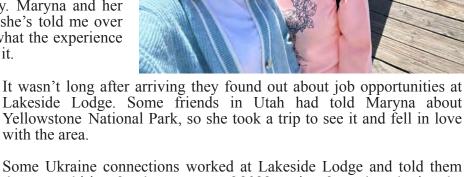

Soon after the war started Olena had found a way that she and Maryna could come to the USA, she wanted to take Maryna out of the country while the war was going on. Maryna's father had to stay behind, like all men aged 18 to 60, to fight the war.

Maryna did not want to leave the Ukraine initially. She thought the war would not last long and be as serious as it became. It took some time before she was convinced to come, but soon the effects of the war began setting in.

"And then it was the second week of the war when all the stores just closed. Can you imagine Walmart empty without any groceries? Even no paper towels, toilet paper... nothing."

The Russians had bombed the food supply warehouses and transportation. Finally Maryna was convinced to come to the USA. She and Olena left Ukraine on March 31, 2022. A huge unplanned adventure most of us could not imagine.

Neither Maryna or Olena spoke any English when they arrived in the Salt Lake area, where they had Ukrainian friends that helped them get a start in the USA. This was part of Maryna's reluctance to leave Ukraine. If you have ever been to a foreign country where you can't speak or read the language, little overwhelming. Living in a country where you can't read or speak the language has to be intimidating.

they were hiring for the summer of 2022. Being from the Ukraine the winters of Island Park did not worry them and they were excited to

move to Island Park. Kiev is a big city and now they have so much open space and nature all around them. "We fell in love," Maryna said.

From speaking no English on arrival, Maryna's learning of the language has been remarkable. She totally immersed herself into learning English and for all practical purposes she is fluent in my opinion. However, she is dedicated to learning and helping her mom learn. They both take regular online English classes.

Beyond the language barrier, the initial culture shock of being in the USA

very real. "I remember the first time I went to Walmart. It was different food, different everything. Not everyone understands that we had different products. So it was kind of hard for me to realize what I did like and didn't like. I have loved potatoes all my life, and I really like how mashed potatoes and baked potatoes are cooked in Idaho, since in Ukraine it is done a different way. I love clam chowder soup. I also like seafood and fish. I'm not a big fan of Mexican

Working at Lakeside Lodge has given Maryna and Olena experiences they never had before, such as snowmobiling, UTV riding and wake surfing. Maryna is all-in for trying things out. Lakeside annually takes employees out for snowmobile and UTV rides. Local friends Wayne and Jen

Lower took her out on their boat to try wake surfing.

Fremont County Voting: Sheriff Candidate

My name is Mark Byerhof and I want to be your next Fremont County sheriff.

Our county is growing, as we're all aware, with more people, more tourism, more traffic. It's critical that the sheriff's office take the necessary steps to ensure public safety and meet the challenges we face now and for the future. As your sheriff, I'm committed to being a leader who makes a positive and effective impact on keeping our people and places safe. I'm running as an independent because my sole focus is law enforcement and its apolitical mission — protecting people and businesses from crime, training and retaining the best deputies, engaging and informing the community, and most important, being there when you need us.

I was raised in a law enforcement family in Illinois. My grandfather was town marshal, and my father was a police chief. My family also helped start a fire department and ambulance service. I continue to hold that

commitment to public service. My father told me always do three things: Respect your community, listen to your employees even if it's something small — they can make you or break you, and buy local to keep the taxpayers' money in the community.

Growing up in farm country, my first jobs were picking peas and corn. After graduating high school, I started a family-owned trucking and excavating company. We hauled goods around the country. As a small business owner, I learned the importance of fiscal responsibility. Crime fighting is the top role of a sheriff but making wise decisions on spending is essential. There's no better way to learn that than running your own business.

I retired from the trucking business after I moved permanently to Island Park. My family has been coming to the area since the 1970s for outdoor activities. In 2016, my wife April and I — we've been married 35 years and have five children and 10 grandkids — bought a home in the Mack's Inn area and have lived there year-round. This is when I started the next stage in my career by serving in public safety, building on the lessons learned from my father and grandfather. I joined the search and rescue team in 2017 and began taking classes at Idaho State University to get certified in law enforcement, including marine law enforcement, which is critical in our region of lakes and rivers. I joined the reserves for the Fremont County Sheriff's Office. I currently am an officer with the St. Anthony Police Department.

How do we build a better Fremont County Sheriff's Office? It starts with stopping the excessive turnover of deputies. It takes great hiring, great training, great wages and insurance. Better pay and benefits at another sheriff's office or police department are hard to pass up. It's just reality. We need to increase wages for longevity. We need a pay scale that makes sense. My goal as sheriff is to spend taxpayers' money wisely and reward top performance and commitment appropriately so our county retains the best and the brightest.

YOUR VOTE MATTERS

When was the last time you saw the sheriff? When was the last time you saw a sheriff's car in your neighborhood, or doing a business check? How about seeing a deputy that you know? Fremont is a big county. For example, as sheriff I will ensure that Island Park will have at least one deputy on patrol every day and night. Across the county, deputies will check on businesses and introduce themselves, building relationships with the community. You'll see me patrolling with my deputies, leading by example. I will be open to any ideas, from members

of the sheriff's office to members of the public. Consider me the

I believe training opportunities are essential to the job. I will increase the training budget — and keep the law enforcement training in Idaho. Among many opportunities to expand their knowledge and achieve law enforcement certifications, I'll encourage deputies to take emergency medical technician training. The sheriff's office is the first on scene in most calls. With more training to handle emergencies it would be an asset to the county — not taking anything away from our great ambulance staff!

Also, as a personal commitment, I will work on ways to help combat drug and alcohol addictions. I know about this problem through the experience of my daughter, who struggled with addiction like so many people across the country. Drug abuse affects families and communities but also law enforcement resources.

I'm asking for your support. I'm asking for your vote. Building priorities for the Fremont County Sheriff's Office is a community-wide effort. Everyone in the county has a voice. Communication and transparency are key. And I promise to deliver results that you can depend on.

I want to hear from you. Your comments are welcome. My contact information:

Mark Byerhof

solution to the problem.

Yellowstone Rangers: Fire Season!

By: Lori Nuss

- CATHER THAT

Unfortunately – as we locals know, it's fire season in and around Yellowstone.

These photos are of Pelican Cone fire lookout in Yellowstone. This cabin is a 14x14 ground cabin that was erected in 1937 by the CCC, but it was finished by the park carpenter "in order to finish it up in good order.

The lookout served either primary or secondary detection duty depending on the source. Staffed from 1937 to 1974 and again from 1984 to 1988 and in 1993. Pelican Cone is currently maintained by Yellowstone's National Park Service as a fire lookout and periodically used to monitor fires in the park.

My dad, Ranger Dale Nuss, manned this lookout during certain times of the summer in 1944 to 1948. Stay safe everyone and please help keep our wild places safe and unharmed.

Our Beautiful "Local" Ukranian!

By: Tom Bithell Continued from page 1

Since being in the U.S. Maryna and her mother have traveled the country whenever they can to see the sites and meet with other Ukrainian friends. Virginia Beach, New York City and Los Angeles are among some of the places they have visited.

Despite all of the good experiences in the USA, though, Maryna and Olena's hearts are with their family and friends back home in the Ukraine. "It's hard. I've lost a lot of friends from my school, from my college. Young guys 25, 26 years old. They have kids, they have wives."

Through the internet they are able to keep in some communication with people back in the Ukraine. But it's challenging due to the war. "Even now they don't have lights, power and water, for hours each day." But she follows the news from Ukraine daily and communicates with friends if possible. She also sends money to friends in the Ukraine regularly to help them get by.

She dreams and prays for peace in the Ukraine, but if and when that will happen is unknown. I asked her if she planned to go home to Ukraine someday when peace comes. "It's so hard to see my future or have any plans. because nobody knows what is going to happen."

For now Maryna and Olena go on with life as best as they can. Maryna has a drivers license and a car and she's adapted well to life in Island Park. She's made a lot of friends and is well liked by the locals and visitors. If you find yourself at Lakeside Lodge some afternoon, you just might be welcomed by her warm smile and friendly greeting.

Note from the editor:

This beautiful child has always been like my own daughter. I love her as much as my own. She is sweet, caring, and full of life regardless of what has happened to her home, her family, and her friends. You would never know the chaos and turmoil she works through on a daily basis.

From the bottom of my heart, I would like to express our love and appreciation for the privelege of getting to know her!

If you haven't met her, I strongly encourage you to stop into Lakeside and say hello. If you think your life has a few bumps, hers is full of them. I wish her all the best, and all my love!!

We Love You Maryna!

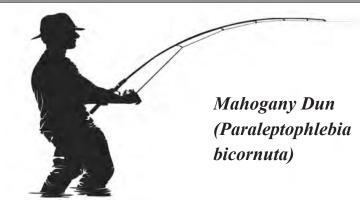

Fly Hatch for September

Characteristics: Three tails. Dark gray wings with streamlined, dark mahogany bodies.

<u>Timing of Hatches</u>: The most important emergence occurs in late August through early October. Duns emerge during mid morning while spinners fall in the later afternoon to early evening hours.

<u>Habitat</u>: Slow to medium fast gravel bottom water. Mahogany Duns are common on the Harriman Park stretch of the Henry's Fork, the South Fork of the Snake and several other local waters.

<u>Comments</u>: The Mahogany Duns provide some of the finest dry fly fishing of the late summer on the Harriman Park and other waters. They are classified as crawler nymphs. There are a number of other species that emerge throughout the summer but the late season is the best. Emergence takes place at the surface making an emerging nymph pattern very effective when trout are rising.

Patterns: Pheasant Tail Nymph, Mahogany Dun Emerger, Mahagony Dun Parachute, Mahogany Dun Thorax, Slate Tan Nohackle

Hook Sizes: 16 & 18

Speckled Spinner (Callibaetis ferrugineus)

<u>Characteristics</u>: Two Tails. Slender body. Dark gray to tan upper body with pale gray to cream underbody. Wings are dark gray, usually heavily mottled in the dun. Spinner wings are often, but not always, have dark brown splotches on the leading edge.

<u>Timing of Hatches</u>: Mid to late July through September. Duns usually emerge at dusk or after dark. Spinners fall in the mid-morning to early afternoon hours.

Habitat: Primarily lake dwellers. Callibaetis provide exception dry fly fishing on Hebgen, Cliff, Quake and other lakes in the region. They are also very common on the spring creek waters of the Harriman State Park on the Henry's Fork, Silver Creek, and other slow moving spring creeks.

Comments: Callibaetis provide some of the best dry fly fishing during mid to late summer on the Harriman Park section of Henry's Fork. They are classified as swimmer nymphs. The spinners are much more important than the duns. Their size gets noticeably smaller as the summer moves into autumn.

<u>Patterns</u>: Callibaetis Nymph, Callibaetis Thorax, Callibaetis Cripple, Callibaetis Partridge Spinner

Hook Sizes: 14, 16 & 18

Blue Winged Olive (Baetis several species)

<u>Characteristics</u>: Two tails. Light to medium olive/gray body with light to medium gray wings.

Timing of **Hatches**: Mid-March through early May during afternoon hours and in the mid-summer around dusk & September through October during afternoon hours

Habitat: Widespread on most sections of the Henry's Fork, Madison, Firehole, South Fork of the Snake, and other local rivers and tributaries.

<u>Comments</u>: Many species are multi-brood, meaning a species may produce two or more broods during the calendar year. They are classified as swimmer nymphs. The most important species emerge in the spring and again in the fall. These mayflies produce exceptional dry fly fishing during these periods. Egg laying spinners often crawl under the water to oviposit their eggs.

<u>Patterns</u>: Pheasant Tail Nymph, Halfback Emerger, CDC Emerger, Paracripple, BWO Soft Hackle, BWO Nohackle, Sparkle Dun, Thorax, and Parachute Adams

Hook Sizes: 18, 20 & 22

Enjoying the Last of Summer!

Grizzly bear trapped and relocated in Island Park area

Press release by Idaho Fish and Game:

Grizzly killed a domestic calf near Buffalo River, prompting relocation was released.

After consultation with the United States Fish and Wildlife Service (USFWS), the Idaho Department of Fish and Game (IDFG) relocated an adult male grizzly bear on Aug. 13, 2024.

Wildlife Services set a trap for the animal after the death of a domestic calf near Highway 20 and the Buffalo River that was determined to have been killed by a grizzly bear. An 11-year-old male grizzly was captured that evening as it returned to the kill site. The bear was identified as a known individual that had previously been collared for research purposes and had no known history of conflict prior to this incident.

In cooperation with the USFWS and the Caribou-Targhee National Forest, the grizzly bear was immobilized, given a body condition and health assessment, fitted with a radio collar and relocated to a remote area in the Fish Creek drainage on Forest Service land approximately 12 miles from the City of Island Park.

Grizzly bears are relocated in accordance with state and federal law and regulation, and IDFG is required to update the public whenever a grizzly bear is relocated. Fish and Game staff will continue to monitor the bear's movements and activities.

While not always possible, relocation is a management tool that wildlife biologists use to minimize conflicts between humans and grizzly bears. Relocation sites are chosen after considering the age, sex and type of conflict the bear was involved in, as well as the proximity to nearby human activity. Before any relocation occurs, IDFG consults with the appropriate agencies to minimize the chance of future conflicts and maximize the relocated grizzly bear's chance of survival.

Reminder! This is the time of year bears are trying to get ready to hibernate.. keep food sources put away!

A Snowmobile Racing Tradition Reborn

By Tom Bithell

Once upon a time cross-country snowmobile racing was a winter tradition in Idaho and the west.

When snowmobiles started being massively produced in the 1960s racing soon followed. The first International 500 between Winnipeg, Manitoba and St. Paul, Minnesota was in 1966. From there racing spread across North America.

In the heydays of Island Park snowmobile racing there were three annual races - The OL' Man's Race, The OL' Ladies Race, and a Co-Ed Race. These races were made up of three person teams, except the Co-Ed Race, which was a two person team.

The races took place mainly on the trails and would consist of a couple of twenty-some mile loops. Bill Smith and Dennis Kennedy organized and planned the races and they were popular yearly events until 2014 when an accident in the OL' Ladies Race resulted in a broken back for one of the ladies. After that, the rest of the races that year were canceled. And with insurance and liability concerns, plus permits and everything else involved, cross-country snowmobiling ended in Island Park.

A lot of people remember those fun days and some wanted to bring cross-country racing back to Island Park. Jason Smoot was one of those people. He used to race the old races in Island Park and he's credited with being the catalyst for getting things in motion. He got Kevin Phillips and Justin Pyne onboard to help and now it's about to become a reality.

This February 21 and 22 Lakeside Lodge will host Island Park's first cross-country race in over ten years. Like the old days there will be three races - an OL' Man's Race, an OL' Ladies' Race and a Co-Ed

Race. The men's and ladies' races will consist of three person teams, and the co-ed race will be two person teams. There will be two age divisions in every class. If the average age of the team is 50 or older -150 years of combined age for three people - the team will race in the older division. If the average age is below 50 the team will race in the younger division.

The planned course will start at Lakeside Lodge, proceed across Island Park Reservoir to Green Canyon, around the reservoir through

the Old Shotgun area, and back to Lakeside through Hotel Creek. The men's and ladies' classes will race three 25-mile laps, and the coed class will race two 25-mile laps.

Sign up will be Friday, February, 21 from 3 PM to 6 PM at Lakeside Lodge with a prize raffle and live band to follow. Racing will start Saturday, February 22 at 10:30 AM with the OL' Ladies, followed by the Co-Ed class at 12:30 PM, and then the OL' Man's class starting at 2:30 PM.

There's been a lot of leg work involved and a lot more to do. Lakeside Lodge, Mountain Mayhem and Pocatello Power Sports are sponsoring the race but more sponsors are needed, as well as volunteers to help put on the

If you want to get involved with sponsorship or as a volunteer you can contact Jason Smoot at 208-241-9030 or Justin Pyne at 208-380-2009.

Strawberry ~ Lemonade Fashion Show Boutique & Luncheon

By Alice Schenk

The 13th Annual Strawberry Lemonade Fashion Show Boutique & Luncheon was held on August 5th at Irene Himes home in Island Park. Seven exquisitely dressed models walked the runway and down the staircase, showcasing clothing, hats and jewelry from Daisy's Angels, a Boutique located inside Connie's Restaurant, Saloon & Fitness Center in Island Park.

The theme for this year's Fashion Show was 'Pretty Woman' and each table was artfully decorated, complete with a champagne glass and a tiered tray of chocolate covered strawberries. Favors for each woman to take home with her, provided by Realtor, Patty Bithell, sat at each place setting. Helpers, who decorated tables, made cookies with "Daisey's Angels' written across the top (Jean Christensen), checked in the women who attended and rang up purchases included: Jean Christensen, Yuleta Bradley, Pam White, Connie Day, Ellen Stantus, Alice Schenk, Laurie Ard, Loy Schroeder, Sherry Anderson, Margie Harris, Louise Neal, Carolyn Oakason, Bob Stantus, Dave Bloxham, Don Himes, and Terri Toro (Irene's affectionately called 'adopted

daughter' who came for the event).

Connie Himes (Irene's daughter) served the luncheon, assisted by Jesssica Nicks and Abby Boland. There were many other 'worker bees' as Irene affectionately calls them, who helped with the event. Irene thanks her many friends who have helped for the past 13 years.

The Emcee for the Fashion Show was Blair Folsom and Ron Folsom.

They also welcomed the women attending, handing out glasses of

champagne.

"This is my passion," said Irene. who has a gift for creating lovely

call Irene to schedule a personalized fitting at the Boutique (located inside Connie's Restaurant and Saloon) at (949) 310-3106.

Models for this year's style show included Allyssa Laritz, Patty Bithell, Casey Mackert, Debra Dix, Romanye Miklo, Diane Robison, and Julie Newsome.

Daisy's Angels is a 100% non-profit foundation. All funds generated go towards sending women to non-denominational Women of Faith Conferences, hosting events to encourage and inspire women, mentoring high school girls with life decisions and ministering to young male and females at the Fremont County Juvenile Correction Center.

SILENT AUCTION Hot Prizes for the best chili! S15/40 Entrance PERSON/FAMILY Island Park EMS Shed FOIPA911@gmail.com

It's that time of year again! The first chili cook off for the EMS fundraiser was last year in September, this year, the 2nd annual fundraiser is the 14th at the EMS Shed between 4 and 7 pm.

I was absolutely amazed by the number of recipes that were present last year. There were mild dishes and super spicy dishes. There were chilis with beans and chilis with meats. I have to say, I enjoyed every single bite. Brooke Unger took first place and Brenda Dye took 2nd place.

As a community, Melissa reported we raised \$6,157, which is \$3,657 more than they had hoped for, way to go Island

Park! There were so many fun things to do as well. A kids pumpkin painting table was a hit, with the pumpkins provided by Fryer Farms. And, the hot dog toss, hosted by the Mountain Life Team. One of the most appreciated donations was an AED Machine, donated by Tom and Marcye Gifford.

I am sure this years event will be as fun, and provide plenty of activities. So come on out, enjoy some dinner, socialize with your community, and be a part of raising the funds our EMS team needs to continue serving us!

Time for Dinner?

By Karen DeMiguel

Chicken Shepherd's Pie - "Cabin Style"

Chicken & Gravy

1 lb Boneless Skinless Chicken Thighs (Or, Chicken Breasts if you prefer)

4 T. Avocado Oil

1 Onion Chopped

3 T. Flour

2 C. Chicken Stock

½ t. Sea Salt

½ t. Fresh Ground Pepper

1 C. Fresh Green Beans – cleaned and cut in 1 ½" lengths

2 Carrots – scraped and sliced in ¼" thick rounds

½ C. Fresh Shucked Corn

6 oz Evaporated Milk

1 C. Fresh Ground Parmesan Cheese (Or, whatever cheese is in that cabin 'fridge)

1/4 C. Trail Mix (No chocolate! Just nuts and dried fruit)

10 Stuffed Green Olive – rinsed and patted dry

Mashed Potato Topping

4 Large Russet Potatoes

4 Cloves Peeled Garlic

½ t. Sea Salt

Sea Salt and fresh ground pepper

4 T Butter

6 oz evaporated Milk

Heat oil in a large skillet or Dutch oven over medium to medium high heat; pat chicken dry with paper towels, season with salt and pepper. Add chicken thighs a couple at a time and brown. Be careful not to burn as this is the base for your filling. Set chicken aside on cutting board and chop into large bite size pieces, but don't clean that pan! This is the base for your filling. Peel Potatoes, cut in quarters, rinse and place in medium size sauce pan with garlic cloves. Cover with cold water, add ½ t. salt, bring to a simmer, cover and cook until tender – about 20 minutes.

While potatoes and garlic are cooking add chopped onion to those delicious remnants in your skillet and sauté over medium low heat. Do not burn! Let them slowly cook and become translucent and sweet– about 10 minutes.

Add flour to onion skillet mixture. Stir and cook over medium heat about 3 minutes. We don't want our gravy filling to taste pasty white!

Slowly add 2 C. chicken stock to onion mixture while constantly stirring to avoid lumpy gravy. Lumpy gravy will cause a critical ruckus at the table – lol!

After gravy thickens add chopped chicken, green beans and carrots to mixture. Cover and slowly simmer 12 minutes.

While veggies and chicken are cooking let's finish up those potatoes. Drain potatoes and garlic well, add butter, milk, salt and pepper to taste and mash until pleasantly smooth. Please avoid using a hand mixer as this will make your potatoes gummy. But DO add more butter if so inclined. Can we ever overdue butter? My eaters have never complained about that!

Add milk, corn, trail mix and olives to chicken/gravy mixture. Remove from heat and stir in ½ cup cheese until melted. Pour into a well-greased 2 qt baking dish. Top with mashed potatoes; sprinkle with remaining cheese

Bake uncovered in 350-degree oven for 25-30 minutes until heated. Let stand a few minutes before serving.

Peach Rhubarb Upside Down Cake

Cake:

1 ½ C. Sugar

12 T. Butter at room temperature

3 Eggs

1 ½ t. Vanilla Extract

2 3/4 C. Unbleached White Flour

1 ½ t. Baking Powder

3/4 t Baking Soda

½ t. Salt

1 1/4 C Milk

³/₄ C Sour Cream

Sift the flour, baking powder, baking soda and salt into a medium bowl and set aside.

Whisk together the milk and sour cream in a small bowl.

Beat the butter and sugar together with an electric mixer until light and fluffy. Add the eggs one at a time. Beat in vanilla.

Reduce mixer speed and add flour mixture alternating with milk/sour cream mixture in 3 batches. Mix until just blended.

Evenly spread batter over rhubarb and peaches. Bake 350 degrees 55 to 60 minutes until toothpick inserted in center comes out clean. Run a knife around edge of cake to separate from the pan. Cool about 1 hour and then invert on a serving platter. Serve slightly warm or room temperature with a dollop of whipped cream.

Topping:

6 Peaches

3 Stalks Rhubarb thinly sliced

1 C. Butter

1 C. Brown Sugar

Melt the butter in small saucepan. Stir in brown sugar. Grease a 9" x 13" baking pan and spread butter and sugar mixture in the bottom of the pan.

Skin the peaches by dipping each in boiling water for a minute. Lift them out and skin should easily peal off. Slice in 1/4" slices.

Place on sugar mixture in a pretty pattern. Cover peaches with thinly sliced rhubarb.
