### The Rose that Grew From Concrete

Did you hear about the rose that grew from a crack in the concrete?

Proving nature's law is wrong it learned to walk without having feet.

Funny it seems, but by keeping its dreams, it learned to breathe fresh air.

Long live the rose that grew from concrete when no one else ever cared.

By Tupac Shakur

### I Stand Before You

I stand before you, what do you see, use your mind's eye and listen to me.

Although, I may face many injustices and have many mountains to climb;

I will not have any excuse to reach any goal of mine.

I am a warrior - edifying a path to success, just as Kings, Leaders, Inventors and Architects.

My roots run deep with courage and intellect, although society exasperates stereotypes and depicts inaccurate images of neglect.

I stand before you, what do you see, use your mind's eye and listen to me.

I have goals, visions and desires of success.

I will always hold my head high, have humility and pride, to be my best.

I will remain poised with integrity and be an extraordinary young gentleman as destined to be.

I stand before you, what do you see, use your mind's eye and listen to me.
