Price of the Board & Train does not include training materials.

*Every dog is different. PCT will have a conversation on what will be the required tool(s) that
best fits your dogs training. _____

*Links will be provided in the email for the proper tools. _____

*Do not attempt to use tools without the proper training for your dog first. _____

*The size of tools we tell you to get are the correct size for your dog. **DO NOT** get a different
size, type or band tool than the ones we have instructed you to get. _____

*PCT does not have contracts with any outside vendors. We do not receive any compensation
for the tools we tell you to purchase. They are the best tools for the job! _____

*If you do not order the tools beforehand or have them shipped to PCT you can buy them
from us. _____

Prong Collar can be purchased for \$45 from Paw Creek Training.

_____ **YES!** I would like to purchase the prong collar from PCT

Remote Collar has to be purchased before Board & Train. You can bring it on Drop off or
have it mailed directly to Paw Creek Training, 42015 N. Central Ave., Phoenix, AZ 85086

N/A:_____ Bringing on Drop off:_____ Mailing to PCT:_____

*Drop off and Pick up times are scheduled to what works best for your schedule. Once scheduled, other activities are scheduled around your time slot. So if you are running early you may have to wait. If you are running late you may have to reschedule and fees will occur.

*Follow up lesson is included with your B&T. If you are within 45min of our facility it can be in your home. Follow up lesson may be used at any time within a year of your B&T _____

*Text, Email and Phone help is provided at no fee for the life of your dog

*During your dogs training here with us we will post a minimum of 3 videos for you to see your pups progress. So make sure to follow us on FB & IG _____

Upon drop off you will need to have....

1. Food... Please make sure to bring enough for a month. When we are working a dog, food may need to be increased or it may be recommended that the dog stay longer than 2 weeks _____
2. Collars... Prong collar (if not purchasing from PCT) as well as E-collar. Your dog also needs a regular flat collar with identification. _____
3. Leash... 4ft-6ft long. Not a retractable or any material that stretches. _____
4. If your dog has any human aggression, please make sure all tools (muzzle, Prong collar and E-Collar) are on before drop off. _____
5. Facility tours **MUST** be scheduled beforehand. _____

Please **NO** other personal belongings unless discussed beforehand. _____

What to expect...

Drop off is quick. We will greet you outside and take food and any paperwork not previously sent as well as payment. At that point we will take your dog inside. If you would like to see the property prior to drop off, please set an appointment. Reasoning behind this is because we need to control the energy. Depending on the dogs that we have in training, we need to be able to correct and control all the trainees, especially when a new energy comes into the house. We run our business out of our home, not a kennel. _____

On Pick up, plan on being with us for at least an hour, possibly 2. We will cover everything that your dog has learned and what you will need to carry on at home. Please dress appropriately, NO sandals. Also take home lessons occur outside, so in the AZ summer heat they will be early in the AM or late in the evening. The reason for the length of time is because we want to make sure you are comfortable so you can be a strong confident leader at home. Remember, there is also a free follow up lesson at your home (depending on distance). We are here to make sure your training sticks. We are also available for any questions you may have at any time for a lifetime via text, phone call or email. _____

Boarding:

After a Board and Train, you are more than welcome to board your dog with us. There is still a deposit due, but no minimum duration. Boarding is \$40 a day except during holiday dates where prices increase. _____
