

GET TO KNOW SENIOR DRIVER MIKE THOMAS

ABOUT ME

I've been a medical courier for 3 years, specialising in deliveries to hospitals all over the UK. I'm a bit of a geek that likes cars and techy stuff, mountain biking, and most importantly sleeping. I have a dry sense of humour and can have a laugh with anyone.

ABOUT THE ROLE

What do you enjoy most about been a medical courier?

The knowledge of the hospitals I deliver to, I know most of the hospitals in the UK, and while most get lost finding the right departments, I know where to go or the right people to speak to.

Favourite moment doing this role?

When hospitals call up to say thanks when I've gone above and beyond, either waiting extra for kit to be ready or helping the staff in hospitals. It's always nice to get the positive feedback.
