

You bring the ideas, We bring the tech.

CapFi's cloud-agnostic, secure and reliable core exchange platform gives you a composable and fully scalable cloud native SaaS solution.

The CapFi Platform

We empower neo-banks, exchanges and crypto payment companies to accelerate competitiveness by rapidly integrating our core exchange platform + features, while delivering incredible cost efficiencies to the bottom line.

Why Choose Us

Stay lean, flexible and ready to innovate.

Remove your internal friction points with our SaaS cloud-native platform that scales with you.

Get exactly what you need and pay only for what you use.

CapFi's unique consumption based model lets you choose your approach and only pay for usage vs a blanket cost for licensing.

Shorten time to revenue

Go from years to weeks with our cloud-agnostic APIs, including features and functionality that both retail traders and institutional/OTC desks need.

Build for global growth.

CapFi's system is scalable up to 10MM concurrent users. Go big - we're here for you.
