ANNOUNCEMENTS

- ♦ Happy New Year! The Dillman Range will be closed on New Years Day. **The 2025 Awards Potluck Dinner will be held on Saturday, January 25th at the McBean Pavilion.** See page 2 for more information.
- ♦ November was the last cast bullet match of the year. Matches will resume in April, that gives everyone all winter to order/ make bullets, work up loads and sight in guns! See everyone in the spring!! -Mike Davis, Cast Bullet Match Director
- ♦ Starting in 2025, CMP Matches will take place on the third Saturday of the month,
- ♦ A Girl & A Gun Night Shoots at the Indoor Range will now be held on the first Saturday of the month.

HAPPY NEW YEAR!

As we begin 2025, we would like to thank you, our LRC Club Members, for all you have done to support the Club. From donating your time towards Range Maintenance Days to participating in Club Matches and Events and making donations towards the Club's various programs, It is all appreciated. Leading into the New Year, K S Telecom held a donation drive from December 4th to 18th and pledged to match all donations made to the LRCF up to an amount of \$10,000.00. A whopping \$17,745.00 worth of donations were made to the Club leading to a combined total of \$27,745.00 of donations to begin the New Year. These con-

tributions will go towards improvements for the Club and funding Junior Division activities. Once again, we would like to thank all of you for your continued support going forward!

We will be holding the Awards Potluck Dinner on January 25th at the McBean Park Pavilion.

We will be recognizing the shooting accomplishments of those who participated in various LRC Matches in 2024, raffling off prizes including several firearms, and hosting a potluck. As always, bring along your signature dish, and enjoy an evening of awards, prizes, and home cooked food! More information on the Awards Dinner will be coming soon, so keep an eye on your emails!

RANGE MAINTENANCE DAYS

On the first Saturday of every month, the Dillman Range closes for Range Maintenance Day. This is an excellent opportunity to earn hours towards your work credit requirement. Range Maintenance Day will begin at 8:00am at the Dillman range. We are always looking for volunteers to help complete projects out on the range. Different months might have different projects or tools needed, so keep an eye out for special announcements.

In lieu of attending our workdays, there are other opportunities to earn work credit towards your membership. If you have spare cardboard lying around, you can donate it to the Lincoln Rifle Club. Make sure the pieces are at least **14"x40" and have no horizontal seams**. You can just bring it by the Dillman Range and submit a picture of your cardboard to the office email (admin@lincolnrifleclub.com) and we will add work credit to your account.

SAFETY CLASS

The next LRC Safety Class/Member Orientation sessions will take place on **January 11th & February 8th** at the Headquarters Office located at 620 3rd Street, Suite 200 in Lincoln. Please call the office at (916) 434-0308 to enroll, and remember to bring your green Provisional Attendance sheet with you.

This class is one step to completing your Provisional Membership requirements and becoming a full LRC Member.

We hope to see you there!

LADIES NIGHT & CONVENTIONAL PISTOL

LADIES, a new female shooter who attended "Ladies Night" once, then the Conventional Pistol Class, shot the highest score we've had in the last three years and has had the highest score in the first two matches. Way to go Laura!

Conventional Pistol has ten of its twelve matches remaining. We will shoot each, second, fourth, and fifth Wednesdays January through April.

There are four relays each match starting at 2:30, 4:00, 5:30 and 7:00.

Male and female, new and experienced, husband and wife, father and son or daughter, shooters participate in this match which focuses on enjoyment over competition.

Come and join us at the indoor range. Any questions contact Scotty Olin at 916-953-3688 or scottyolin@msn.com.

TRAP REPORT

Like so many other things, 2024 brought changes to the LRC Trap matches. It was decided that in lieu of a single match winner, we would break the shooting season into quarters and recognize a shooter in each quarter. In addition, each quarter would highlight a different shooting competition. We did this to hopefully reach out to more shooters that could not commit to an entire year of competition and to offer different ways to win recognition.

The first quarter was a simple 12-gauge shotgun competition, with the shooter with the highest average winning. This quarter we recognized **Mike Davis**. The second quarter was a competition we call the Blind Boogey, during which

random numbers (1-25) are drawn and the shooter breaking targets with corresponding numbers in the relay is given a point. The shooter that has the most points during this competition wins. The lucky winner for this quarter was **Rich Venegas** (but he had to work very hard to beat Bill Harvey). The third quarter had shooters using their sub-gauge shotguns (gauges .410 cal, .22 cal., and .28 cal.). Working with the sub-gauge shotguns takes a bit more talent and **Wayne Crum** came in with the win. The last quarter was a return to the Blind Boogey competition and **Ray Ramsey** accumulated the most points, but also shot more trap than the rest of us combined. He was determined to win!!!

Overall, the new format accomplished its goal of recognizing more shooters. We will continue with something similar for the 2025 shooting season. No matter what the format, we all get together and have a great time on the line breaking the clays. We offer help to new shooters and always have tips for the experienced shooters (wanted or not). Trap is a fun competition enjoyed at several ranges throughout the Northern California area. If you cannot come to one of our matches, you are encouraged to attend one at Golden State Shooting Center, Yolo Sportsmens Club, El Dorado Gun Club, Stockton Gun Club, or any other gun ranges throughout California.

The LRC Trap Matches wish to send out a “THANK YOU” to the

Dillman Range RSOs that always work hard to incorporate our matches with their duties of providing a safe shooting environment for the public. We always get their consideration when running our matches.

LRC Trap Matches will continue to be held on the first & second Sunday, second & fourth Thursday, and third Saturday of each month at the Dillman Range. The cost will remain \$5 per relay. Our starting times are 8:00 in the summer and 9:00 during the winter months. Everyone is welcome. If you are interested in shooting trap, come on out and we will break some clays together!! Be Safe.

-Margaret Moore, Trap Director

VARMINT MATCH

Lincoln Varmint Match 2024 Final Results

Center Fire

First Place: **Dennis Wyatt**

Second Place: **Dennis Bizeau**

Third Place: **Jim Burton**

Rim Fire

THIS IS CRPA

The California Rifle & Pistol Association (CRPA) founded in 1875, is a nonprofit 501(c)(4) membership and donor-supported organization. CRPA works relentlessly in California to defend your constitutional right to keep and bear arms. CRPA staff and hundreds of volunteers work across the state. All dues and donations to CRPA are used specifically to benefit California gun owners.

Hunting & Conservation Efforts

Hunting is under attack from animal rights extremist groups, and California is their ground zero. CRPA fights to protect hunter rights and to preserve the public's traditional role in hunting, game management, and the conservation, preservation, and use of California's public lands and natural resources.

Range Assistance Team

Shooting ranges are under attack in California from developers, neighbors, environmentalists, and the gun-ban lobby. CRPA helps ranges fight back and stay open for future generations of shooters. CRPA founded the California Range Coalition to unite those across the state who fight to protect ranges.

Youth Shooting Programs

CRPA also assists groups like the BSA, CYSSA, 4H, FFA, high school shooting teams, and JROTC to get young men and women trained in safe marksmanship, leadership, and involved in the shooting sports. They are the future and our legacy!

Recreational and Competitive Shooting Sports

CRPA sponsors, sanctions, and officiates competitive shooting sports events and recreational events all over the state. Through these events gun owners can try out new sports and disciplines and build marksmanship skills. CRPA competitors are among the best shooters in the nation!

AND SO MUCH MORE!
