ANNOUNCEMENTS

- Starting **June 1st**, public range fees will be increasing. These fee increases will **NOT** affect membership dues. For more information, please see page 2.
- The 5 Days of Summer Sale is back, Range Passes will be on sale for \$10 from **June 9th to 13th**. Call the Headquarters Office at (916) 434-0308 to purchase yours.
- The Lincoln Police Department will be utilizing the Dillman Range on **May 6th- from 7:00am to 11:00 am**. The Range will open to the public at 11:00am.
- Extended Range Hours are back! Starting **Thursday June 5th and Thursday June 19th**, the Dillman Range will be open from **4pm to 9pm**. These extended hours are available to Club members only.
- Combat Action Pistol will be coming back in **June on Wednesday evenings from 5:30pm to 9:00pm**. The first relay begins at 5:30pm at the Ormsby Range.

NEW PUBLIC RANGE FEES FOR THE DILLMAN RANGE

Beginning **June 1st, 2025**, public range fees will increase at the Dillman Range. These changes are a result of assessments made by the LRCF Long Range Planning Committee, as agreed upon by the Board of Directors and voted in favor by the club body at the LRCF Annual Business Meeting. They will be implemented to ensure the longevity of LRCF facilities.

New Range Fees

Standard Range Fee: **\$25**

Club Member Spouses,
Veterans & Active LEO: **\$15**

Active Duty Military, Active LPD,
and shooters under 15: **FREE**

**THESE FEE INCREASES WILL NOT AFFECT
LRCF MEMBERSHIP DUES.**

Dillman Range Pass

50% OFF

6/9/2025 - 6/13/25

620 3rd Street STE 200, Lincoln, CA

Tel: 916-434-0308

Valid Thru: 06/9/2025-06/13/2025

Passes will only be available at this price point from June 9th thru 13th so act quickly. **Passes cannot be reserved without payment and must be paid for during the sale for \$10 pricing to apply.** If you are unable to visit the office in person, we will accept card payments over the phone and will mail your passes to any address you specify.

2025 ANNUAL BUSINESS MEETING & LRCF ELECTIONS

The 2025 Annual Business Meeting and LRCF Elections took place during our regularly scheduled Member Meeting on April 3rd. During this meeting we discussed the 2024 fiscal year, several club events including Annie Get Your Gun 2024 and the Safety Day Fair, as well as the results of your contributions towards our donation drives. At the end of the meeting we elected the newest members of the Board of Directors and the Range Committee.

The 2025 LRCF BOD & Range Committee is:

LRCF Board of Directors 2025

LEONARD ZICK	CANDY DOVE
LEN VALASEK	RYAN WATTS
CHUCK RIGLICK	ERIC VANDER LINDEN
ROBERT LUSK	MICHAEL DIAZ

LRCF Range Committee 2025

SAM SCHRADER	DAN BURGHARDT
DAVID MITTS	ROMMEL GARDUQUE
SCOTT SEATON	SCOTT GLOVER
LEO ROSKO	KENT DOVE

THE 2024 FISCAL YEAR

The Lincoln Rifle Club Foundation had an amazing year in 2024. We were able to go over our expected income in several categories and even had some unexpected income thanks to the Donation Drive. Our income budget for 2024 was \$350,000 and our expense budget was to break even at \$350,000. At the end of the year, we had brought in \$398,531 and spent \$363,689. Leaving us with a net income of \$34,841. Our biggest, unexpected costs were several rifle purchases for the Junior's Division and the November Ormsby Range project. All in all, we think this was a very successful year for our club and we look forward to what 2025 will bring us. This year will come with several major changes as we continue with completing our Corporate merger to become a Non-Profit once again. Currently one of our attorneys from Michel and Associates is working with the Secretary of States office to expedite our filing.

1ST ANNUAL SAFETY DAY FAIR

The 1st Annual Lincoln Safety Day Fair hosted by Lincoln Gun Exchange took place on September 14th last year and we think it was a huge success! Both the Lincoln Rifle Club and the Placer County CRPA hosted booths in Beerman's Plaza and an estimated 1000 people came through. During the event we had the chance to speak with tons of people who maybe weren't familiar with shooting, and we learned so much about our town's demographic. Many of the attendees were younger children and our Junior's Program received a lot of attention and several children who signed up on the spot! This event was great for getting in touch with the citizens of Lincoln to spread information about our Club and we hope to attend again next year! We'd like to thank Randy and Helen Johnson of the Lincoln Gun Exchange for hosting the event and helping us a bunch on the day of! Be sure to keep an eye out for the next one coming up in September.

ANNIE GET YOUR GUN 2024

Last year's Annie Get Your Gun Match started with 90 registered participants and a waiting list. Our participants ranged from complete beginners to women who are fire-

arm instructors themselves. Shooting Squads were divided into 9 teams of 10, led by a Squad Leader to provide instruction and direction. In addition to the Squad Leaders, we had 9 stations of Rifle, Pistol, or Shotgun Instructors ready to help the different squads through their course of fire. The ability to put on such a large event safely is a credit to both the volunteers who worked diligently to ensure the safety of everyone involved, and all the ladies who participated being excellent students. Many groups stepped up to help make this Annie Get Your Gun possible. The LRC Multi-Gun Division, The Gold Country & Sierra Foothills Chapters of A Girl & A Gun, and Girls Guns & Giggles to name a few. We also had several local firearm instructors, LRC Members, and Range Safety Officers who volunteered; Kathy Zick provided lunch catering to all participants and volunteers as well. Officially we had over 25 volunteers; unofficially however, many participants also stepped in to lend a hand where they could, be it directing parking, assisting with participant check-ins, or helping set up tables and canopies. Overall, this year's event laid the groundwork for expanding Annie Get Your Gun even further. It proved that there is both

Gun even further. It proved that there is both a demand for more Ladies Events and the support from our shooting community to make it happen! Above all, this was an educational event, specifically designed to reach out to women of all firearm experience levels. Before the event, many participants reported their main interest in this event was that they wanted to try different types of shooting but didn't know how to get started. Annie Get Your Gun is our way of bridging that gap and we hope everyone who participated came away with a new or renewed confidence with firearms. This match takes place each year on the first Sunday in October, so if you or any women you know are interested in a fun day of shooting and delicious food, be sure to look out for registration opening in late August.

K.S. TELECOM DONATION MATCH EVENT

Also helping us finish the year strong, our K. S. Telecom Donation Match Event wrapped up on the 18th and it went amazingly! With over 20 donations we were able to raise just over \$17,000 for the Club and Junior Division. Combining that with K. S. Telecoms donation of \$10,000 we made just over \$27,000. A huge thank you to everyone who donated and of course to K. S. Telecom

and Eric Vander Linden.

2025 ANNUAL AWARDS POTLUCK DINNER

This year's **Annual Award's Potluck Dinner** took place on the 25th of January here in the Pavilion and we're happy to say it went off without a hitch. The event was attended by over 70 Lincoln Rifle Club Foundation members and an uncounted number of friends and family. We handed out nearly 50 awards to participants from our 15 different club matches as well as several awards unique to the club. We also honored our many match directors to thank them for their hard work and dedication to our club. This year's event included two different firearm raffles and over 15 raffle baskets that were all won by our members. Dana Covert went home with the Ammo Can Sig Sauer P365 handgun, which was fitting considering she showed up 4 hours early to help the office staff set up for the event. Our very own Scotty Olin of both the Ladies Night and Conventional Pistol Matches won the participation raffle and went home with a 10.22 rifle. One of our newer members brought on from Ladies Night, Lina Gourova, won our door prize raffle and received a 5-year membership. Overall, the night was a major success full of fun and good food, we'd like to

thank each and every person who volunteered to help or just showed up with a home-made dish and we hope to see even more of you there next year!

LADIES NIGHT MATCH DIRECTOR NEEDED

Long time Match Director for the Ladies Night Match, Scotty Olin, has decided to step away from running the matches after more than 15 years of doing so. We're super grateful to Scotty and Bob Radtke for their long-term dedication to the club and to bringing new women into the shooting sports world. We are currently looking for another qualified club member to take over the event for next year so that we can continue to offer an opportunity for members and the public to use the indoor range.

DILLMAN AND INDOOR RANGE SIGNS

After our Donation Drive with K. S. Telecom, it was decided that the income would be used to make several improvements to the Dillman and Indoor Range. The most notable of these being new signs for both. The Indoor Range sign will be placed inside of the classroom portion to avoid unwanted attention to the building in McBean Park and will pay homage to the history of the Junior's Program, while the Outdoor Range sign will replace the current one facing out on the highway so that we have a larger more visible advertisement for the Dillman Range. The outdoor range sign will also include a section for listing those who have made significant donations to the Club. Currently designs for both signs are being worked on by the office and Sierra Safety Company.

THANK YOU!

As we approach the summer months, keep an eye on your email for announcements regarding this year's events. Thank you for your continued support through 2024 and we look forward to an even better 2025!

Thank You!

What is the “Shot Heard around the World”?

The shot heard round the world took place on April 19, 1775 after British troops searching for ammunition stockpiles in Concord encountered the local minutemen. The battle came to be known as the Battle of Concord; the battle itself was considered the first victory in the right for America’s independence, and as a result, kick starting the Revolutionary War.

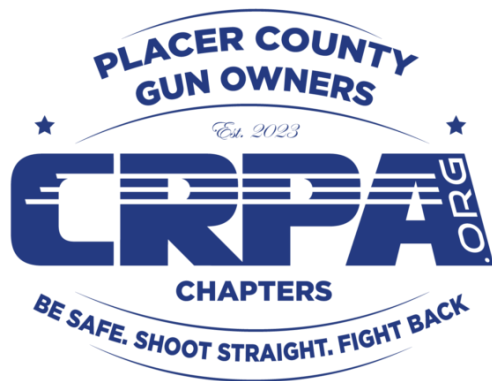

We had a great turn out for the 250th anniversary of the "Shot Heard Around the World".

We would like to thank everyone that participated, we had 38 shooters from shotgun, pistol, rifle, and cannons (two) with period correct Flintlocks, to O3 Springfields, M1 Garands and AR-15s

What a great day!!

-Candy Dove, LRCF Vice President

The Placer County Chapter of CRPA meets at the Lincoln Veterans/Legion Hall, 541 5th Street in Lincoln on the 2nd Monday of the month from 6:00pm to 7:30pm. These meetings are open to the public and free of cost.

CLUB HIGH POWER

The new season for the 2025 Club High Power match started in April. This match is one of the longest, if not the longest running match sponsored by the LRC. It is conducted like a practice match for shooters wishing to learn how to shoot high power competitively or just want to improve on their marksmanship skills. At the Dillman Range, on the 2nd & 4th Thursdays of each month, beginning in April through September, (October is the 2nd and 3rd Thursdays). The 1st match of each month has shooters firing in the standing slow fire & rapid prone shooting positions. The second match of the month has shooters fire from the slow prone & rapid sitting positions. All courses of fire are fired on standard NRA 200 yd. targets. CMP & NRA high power rules allow for the use of scopes. While NRA & CMP have specific rules for the type of rifle used in the Service Rifle or Match Rifle categories, we are very lax on these rules for the club event since the scores are not sent into the NRA. Please come with a rifle that can easily be reloaded with a magazine or stripper clip that holds at least 5 rounds of ammunition and can easily fire 10 rounds in 60 seconds.

You will need 25 rounds of ammunition for this match. Match fee for this match is \$5.00.

This match is a great way to improve your marksmanship skills with your rifle and have fun in the process. Most shooters are shooting some type of AR-15 chambered in .223. While this is not a requirement for this match, it is the easiest rifle type to use for these matches. We do have a limited number of Club Rifles that can be used for this match, but these will need to be requested in advance of the matches to be made available. Club ammo is also available for a fee. Please let me know in advance to make sure we have ammo available.

Please contact me if you would like more information about the Thursday Night Club High Power matches and I hope to see you on the range.

Scott Bonivert

Club High Power Match Director

LRC TRAP

As the weather improves, so do our trap scores. The LRC matches continue to be well attended and we have been fortunate to have new shooters join in. Although it is more challenging to try to break the clay targets in the wind and rain, we seem to have stepped up to the challenge with three perfect scores over the past months. Ray Ramsey, Terry Wildman, and Wayne Crum all put the weather aside and completed perfect “25” rounds. We are hoping that with the warmer weather, some local fundraisers will be announced and we can compete for prizes, as well as, contribute to some local needy causes.

The shotgun sports include more than just trap. We are fortunate to have other shotgun challenges available to us at the nearby Golden State Shooting Center (GSSC), formerly Coon Creek. At this facility, you can take your shotgun out and take part in not only trap, but also, skeet, 5-stand, wobbles, and sporting clays. All have their own charm and provide the opportunity to master the art of shotgun shooting. There is nothing quite like following the target across the sky and seeing it break into pieces. So different than shooting at a

stationary target and more challenging and exciting.

We hold our matches at LRC on the first & second Sunday, second & fourth Thursday, and the third Saturday of each month. That is five times each month you can come out and enjoy breaking those pesky clay targets. The matches begin at 8:00 am, they are open to all levels of expertise, and the cost is \$5 for each round (25 shots). Occasionally, at the Sunday matches, we adjust our machine to throw doubles; yep, two at a time. This is an additional challenge and can humble the absolute best trap shooters.

If you are interested in learning about trap, feel free to attend any of our matches. We have shooters that can help you with your shotgun, the rules of the game, and provide tips for the best results. All shooters: the public and members are welcome at the LRC trap matches.

Margaret Moore

LRC Trap Match Director

CAST BULLET

Cast bullet match is back!

We had our first match, a .22 only match on March 31st.

Our next regular match will be Monday April 28, check the club calendar for the future matches.

We had one new shooter at the match, hope to see more!!

Mike Davis

Cast Bullet Match Director

CONVENTIONAL PISTOL

Conventional Pistol is completing another successful season with twenty-nine shooters participating. We've had husband/wives, father/sons, and father/daughters filling the shooting lanes. FEMALE shooters have been impressive again this year. Laura, a first-time shooter will be "F" class Top Gun, while Lina and Tamera are both shooting expert in Standard Class (one hand).

Prior to next season's start in November there will be a Conventional Pistol class for those who have never shot a match. The class will demonstrate how easy and enjoyable it is to participate.

It is time more me to retire having supervised shooting at the in-door range the past sixteen years. Conventional Pistol is the longest running, most participate bi-weekly match sponsored by the club. I would be pleased to direct the match next year while training a replacement. Interested parties may contact me via email (scottyolin@msn.com) or phone (916-953-3688).

Scott Olin

Conventional Pistol Match Director

CIVILIAN MARKSMANSHIP PROGRAM

Our March match was held on the 15th with excellent shooting conditions. Ian McIntyre was using his scoped AR platform rifle entered in the unlimited modern military category. Ian shot a great score of 284-7X / 300 which earned him a bronze award pin in that category. His only stage which held back the silver or gold pins was the unsupported off-hand / standing position. He needed about ten more points.

I was using a M-1903A1 and made the mistake of relying on the old ladder sight range numbers. I had not used the rifle in a while and needed a much better reference guide to "the old Timey" sight that does not have click adjustments. The Moral: practice a few times at the range before shooting the rifle in a match which you want to score well in.

Sometimes, I get emails from club members that ask the question: "What type of rifle can I use to compete in a CMP match?" The best answer is any CA legal bolt action military rifle (small arms) that was used in the 20th Century or any CA legal semi- au-

tomatic with "as-issue" weight limitations that is used in the 21st Century by the U.S. or foreign militaries. 20th Century foreign military bolt rifles are in the Vintage Foreign Military class, U.S. Springfields are in the 1903 or 1917 class, The match is named for the principle rifle used: The U.S. Rifle, Caliber .30 M-1. There you have "as-issue" class and if using a national match M-1, the Unlimited Garand class.

Any semi-automatic U.S. or foreign 21st century weapon that is CA legal, but uses a telescopic / optical sight is in the Unlimited Modern Military class. The one that you need high points to medal in. The M-1-A (the civilian version of the M-14) is in Modern Military category if it is without a scope.

Another question I get asked is: "can I order CMP rifles or a M1911 pistol from the CMP?" The Lincoln Rifle Club is an affiliated club of the CMP. This means any member of our club that has met all of the CMP requirements to purchase a firearm, may order from the CMP and have the rifle / pistol shipped to a licensed FFL dealer (CA law). If there is a requirement to participate

- in an organized shooting competition, shooting in one of our LRC matches will satisfy that requirement. When you shoot our match for the first time, you will receive a Certificate of Achievement which can be sent to the CMP with a firearm order forms package.

Our next shoot is on the 19th of April. We will first participate in the California Rifle and Pistol Association's event: "The Shot Heard Around the World" (April 19th 1775) This one shot event will take place just prior to our CMP John C. Garand course "A" match. Our match requires a minimum of 35 rounds of ammunition and the cost of the match is \$15.00.

As a little plug to the CRPA, I would like to report a very successful day on Wednesday April 9th 2025. This was CRPA's Capitol Day. This event hosted more than 50 representatives from around the state that met with CA Assembly Members and State Senators. The delegation was led by CRPA's lead legislative man, Rick Travis and his assistants, Kurt Williams and Kevin Small. This team presented to individual legislators, the CRPA's positions on various proposed state laws dealing with firearms and hunting.

The next Capitol Day in August will feature Women in the Shooting Sports. So, all women who want to explain their positions on gun laws, can sign up through the CRPA to attend the next Capitol Day.

Our next sanctioned CMP matches will be on 17 May and 21 June 2025. See you "down range"

Chuck Riglick

CMP Match Director

VARMINT MATCH

Lincoln Varmint Match March 28th 2025

The first Varmint Match went off without a hitch. We had wind so the match was very challenging, so the scores were fairly low. We started the year off with new targets that everyone seemed to like.

We have room for more shooters!

RANGE MAINTENANCE DAYS

On the first Saturday of every month, the Dillman Range closes for Range Maintenance Day. This is an excellent opportunity to earn hours towards your work credit requirement. Range Maintenance Day will begin at 8:00am at the Dillman range. We are always looking for volunteers to help complete projects out on the range. Different months might have different projects or tools needed, so keep an eye out for special announcements.

In lieu of attending our workdays, there are other opportunities to earn work credit towards your membership. If you have spare cardboard lying around, you can donate it to the Lincoln Rifle Club. Make sure the pieces are at least **14"x40" and have no horizontal seams**. You can just bring it by the Dillman Range and submit a picture of your cardboard to the office email (admin@lincolnrifleclub.com) and we will add work credit to your account.

SAFETY CLASS

The next LRC Safety Class/Member Orientation sessions will take place on **May 10th & June 14th** at the Headquarters Office located at 620 3rd Street, Suite 200 in Lincoln. Please call the office at (916) 434-0308 to enroll, and remember to bring your green Provisional Attendance sheet with you.

This class is one step to completing your Provisional Membership requirements and becoming a full LRC Member.

We hope to see you there!
