Any handicap queries should be notified to the professional prior to commencement of play.

All cards must be returned in competitions (including NRs) and entered into the computer in the pro-shop, clubhouse lounge or Spike Bar. Anyone who has a "no return" on a hole must continue to enter his scores on the following holes making full use of DID NOT START (DNS) and DID NOT FINISH (DNF) functions in compliance with handicapping rules. This will protect the handicaps of the concerned player and avoid penalties. Each competitor is responsible for his own card.

**Competition Cards should be completed and signed on the course. Filling out cards in the club house and locker rooms is not allowed.**

Any player who fails to return his scorecard in a competition will be subject to a Penalty Score which is automatically applied by England Golf and furthermore fails to enter the score in the computer on more than one occasion, may be asked to appear before the competitions sub-committee when sanctions may be applied. If the non-returned card is found to be for the reason of handicap manipulation then a score as recommended by England Golf may be applied. Repeat offenders may be subject to a Handicap freeze.

Scores on scorecards must be legible and any cards that are re-written (through loss or damage) must have the original attached. Accurately completed cards remain the top level priority of competitions entry information and establishing disqualification as well as identification of the member and marker.

Any player in qualifying competitions away from Whitburn golf club will be responsible for informing the competitions convenor of any score that will affect his handicap. Away scores should be returned within 7 days for chronological handicapping record maintenance. Failure to do so could lead to a suspension of his handicap
