## So what does this image convey about me as a teacher?

1. I genuinely enjoy what I do
  - a. Especially the moments students are enjoying it just as much as I am.
2. I want all my students to be comfortable.
  - a. Each person in my classroom should feel safe to try new things.
3. My classroom is one of choice and expression.
  - a. It is my responsibility to help my students improve their art skills
  - b. It is equally my responsibility to give my students opportunities of free expression and opportunities to make choices
