

# ROCKET FUEL

The Songbird Utility Token of Dog on Moon Ecosystem

Introducing FUEL,

Rocket Fuel (\$FUEL), the new Songbird native token designed to power the Dog on Moon ecosystem. \$FUEL serves as the native currency for **staking** Dog on Moon, with weekly FTSO rewards directed to a *public marketing wallet* to boost visibility and engagement for the Dog on Moon project and its ecosystem.

### **What is Rocket Fuel (\$FUEL)?**

Rocket Fuel (\$FUEL) is the latest addition to the Dog on Moon ecosystem, specifically created to serve as its staking currency. By leveraging the unique capabilities of the Songbird network, \$FUEL is poised to bring new levels of functionality and engagement to Dog on Moon enthusiasts.

### **Key Features of \$FUEL**

1. **Staking:** At the core of \$FUEL's utility is its role in staking within the Dog on Moon ecosystem. Users can stake their Dog on Moon tokens to receive \$FUEL, unlocking various benefits and contributing to the stability and growth of the network.
2. **FTSO Rewards:** One of the standout features of \$FUEL is the generation of weekly FTSO (Flare Time Series Oracle) rewards. These rewards are not just a perk for holders but are strategically directed to a public marketing wallet.

3. **Marketing and Growth:** The FTSO rewards collected in the public marketing wallet are earmarked for promoting and expanding the Dog on Moon ecosystem. This innovative approach ensures continuous visibility and engagement, attracting more users and investors to the project.

### **How Does \$FUEL Benefit the Dog on Moon Ecosystem?**

- **Enhanced Staking Opportunities:** By providing a dedicated staking currency, \$FUEL simplifies and enhances the staking process, making it more accessible and rewarding for users.
- **Sustainable Growth:** The use of FTSO rewards for marketing ensures a sustainable approach to growth, constantly driving attention and interest in the Dog on Moon project.
- **Community Engagement:** \$FUEL fosters a more engaged and invested community, as stakeholders directly benefit from the ecosystem's success and growth.

### **Join the Journey**

Rocket Fuel (\$FUEL) is more than just a token; it's a catalyst for innovation and growth within the Dog on Moon ecosystem. Whether you're a seasoned crypto enthusiast or new to the world of digital assets, \$FUEL offers an exciting opportunity to be part of a dynamic and forward-thinking community.

Fuel your journey with \$FUEL and help us propel Dog on Moon to new heights. Stay tuned for more updates and get ready to stake, earn, and grow with Rocket Fuel.

## **Tokenomics: \$FUEL**

Understanding the distribution and allocation of Rocket Fuel (\$FUEL) is crucial for our community and investors. Here's a detailed breakdown of how \$FUEL is structured to ensure sustainable growth and development within the Dog on Moon ecosystem.

Rocket Fuel (\$FUEL): 0x2bb135dCe1225AD3EbeD950024e62BB78157787D

**Total Supply: 888,888,888**

**Team: 50%**

- **Staking Platform: 35%:** A significant portion of the tokens allocated to the team will be injected into the staking platform, ensuring robust staking rewards and encouraging long-term commitment from the community.
- **Development: 15%:** These funds are dedicated to ongoing development efforts, ensuring that the Dog on Moon ecosystem continues to evolve and improve.

**Liquidity Provision: 50%**

- To maintain a healthy market and provide ample liquidity, 50% of the total supply will be injected into the liquidity pool (LP). This substantial liquidity injection includes an initial LP injection of 200,000 SGB tokens, which will help stabilize the token's value and provide smooth trading experiences for users.

## **Deflationary Mechanism in place: Buy-Back & Burning of \$FUEL**

- 25% of FTSO rewards generated to purchase Fuel on Market & add to Staking platform
- Post NFT launch capital raised will be staked: Majority of rewards used to Buy back Fuel on the open market and reallocate \$FUEL to the D.o.M Space Station Staking Dapp.

This strategic allocation aims to foster a balanced and sustainable ecosystem, promoting growth, stability, and continuous innovation within the Dog on Moon project.

Furthermore, the team is working to continuously to bring about more innovative ideas to fuel up the Rocket Fuel & Dog on Moon ecosystems in a cohesive manner. More Dapps and games will be built out in the future to bring about a fun robust ecosystem for all to enjoy!
