

# TAKING YOUR NEXT STEPS IN SURGERY

## DEVELOPING YOUR SURGICAL KNOWLEDGE AND DECISION MAKING

A CPD collection aimed at vets less experienced with surgery, who want to build their surgical decision-making and confidence to tackle more procedures in general practice.

### Topics Covered:

- Having a surgical mindset: Principles and decision making
- Selecting your suture: Materials and patterns
- Wound healing: What should and what could happen
- Lump removals: The key decision-making steps
- Ex-laps: Developing a systematic approach and "how to" with common scenarios
- Increasing your surgical cases: Challenge yourself and advance your skills

**7 HOURS CPD**  
**£350**

**INCLUDING LUNCH FROM CALABRISELLA (A FAVOURITE  
LOCAL ITALIAN), DRINKS AND SNACKS.**

### The Speaker:

*Jonny Faire (RCVS Advanced Practitioner in Surgery) is passionate about soft tissue and orthopaedic surgery. This day is designed around what he feels would have been helpful during his earlier stages of surgical development.*
