

Job posting: Press Brake Operator

Company: North Topeka Fabrication, 3801 NW 14th Street, Topeka, KS 66618

Job Summary:

Seeking a motivated and hardworking press brake operator to join our team. Ideal candidates will have a strong understanding of set up and operation, as well as required quality and safety protocols while operating a press brake.

Responsibilities:

- Read and interpret blueprints and forming specifications
- Set up and operate Amada press brakes
- Ensure that bent parts meet required standards and specifications
- Organize and sort parts for downstream operations
- Inspects raw materials and finished parts for quality and defects
- Document process checks to maintain tolerances and quality requirements
- Maintain a clean and organized work area
- Comply with all safety regulations and procedures

Qualifications:

- High school diploma, or equivalent
- 2+ years of press brake experience, preferred
- Ability to read and interpret blueprints and work orders
- Proficient use of measuring tools (calipers, tape measure)
- Basic math skills
- Mechanical aptitude and problem-solving skills
- Ability to repeatedly lift 50-100 pounds, while standing and bending for extended periods
- Strong work ethic and attention to detail
- Ability to work independently and as part of a team
- Effective communication and interpersonal skills
- Willingness to cross-train in other fabrication functions

Benefits:

- 4 day work week
- Competitive salary, commensurate with experience
- Benefits include health, vision, dental and life insurance, and retirement plan options
- Opportunity to learn and grow in a dynamic and fast-paced environment

To Apply:

Please submit your application or resume to hr@ntfab.com

Additional Information:

This is an entry level position, and we are willing to train the right candidate who is ambitious and motivated to learn!
