

RD Technical Specifications

Technical Data Sheet

| Specification | Range | Comments |
|-------------------|------------------------|-------------------------------------|
| Color | 7 - Blue Wool Rating | Designed for Indoor Application |
| Thickness | ± 2-5% | All in mm |
| Length | ± 2% | Measured in meters |
| Hardness | 75-86 - Shore | Supports Straight and Curved design |
| Processing Temp | 175-225 °C | Standard PUR/EVA hot melt supported |
| Bonding | > 18 nm | Bonded substrate impact expected |
| Impact Resistance | >80 °C vicat softening | |
