BRIDAL BOUQUET

Romantic and vintage styled bouquet
Wispy cascade feel

Full Floral

Please note: Peony and ginestra are out of season in July. Peony may be able to be sourced. Ginestra will not. A good substitute is Astilbe which is mainly available in white or blush.

If peony are not available to be shipped in, garden rose can create the same ruffled feel.

COUPLE'S TABLE

With dusty pink and baby's breath incorporated as like the rest of the design.

Recommended for this table would be to transition your aisle pieces here to be restyled. If our team is on site, I can redesign this in part to account for the table top florals as well.
