## Answered Prayers

### New Medical Director At Pathways

As many of you know, December and January proved to be difficult months for us here at Pathways. Our Medical Director at the time, Dr. Dashow, fell ill in mid-December and was no longer able to act as Medical Director due to his health. As Medical Director, Dr. Dashow allowed the nurses and staff at Pathways to operate under his medical license. Without an acting Medical Director, and their license, Pathways is restricted from offering any of our medical services which include pregnancy testing and ultrasounds.

Despite this challenge, we continued to trust the Lord and prayed that He would provide for this need in our ministry. By mid-January, He had done just that. Not only did He supply a new doctor to act as our Medical Director, but he also supplied a second doctor to help train our new Medical Director in the reading of ultrasounds.

Our new Medical Director, Dr. David Paik, has already proven to be a tremendous blessing to our clinic. He has already reviewed all of our medical policies and visits the clinic weekly on his day off with his two year old son. His wife, Sarah, has also expressed an interest in joining the team as a volunteer nurse. Isn't God good?

### More About Dr. Paik -

Dr. David Paik is an attending family medicine provider at PeaceHealth Southwest Washington Family Medicine Residency. He received his undergraduate degree from The University of California Santa Barbara and his M.D. from Loma Linda University in 2006. He moved to the beautiful northwest 11 years ago to complete residency and loved it so much he stayed on as faculty. In addition to teaching, Dr. Paik is active in his Korean church, facilitating discussions on philosophical and theological topics, apologetics and logic. He has a heart for city ministry, homelessness, poverty, politics and the overall enjoyment of a complicated and controversial discussion. He spends his free time singing and dancing with his 2 year old son, exploring the city with his wife of 8 years, hiking through the woods with his 2 dogs and reading.

He is joining the staff at Pathways to share the legacy and mission of Jesus Christ, offering mercy, healing and redemption.

## PATHWAYS CONTINUES TO THRIVE

2016 proved to be an amazing year for Pathways. We had the opportunity to perform 153 pregnancy tests, 212 ultrasounds, and provide over 5,000 items to mothers in need through our baby boutique. We also shared in a joint first birthday party hosted by our Baby And Me Group, and celebrated the birth of 70 babies born to Pathways clients last year!

Pathways continues to grow and thrive in its service to our community. We even have moms who drive from Vancouver to visit our clinic because they enjoy the atmosphere and the personal attention that they receive here. However, with growth comes a need for additional volunteers and staff here at Pathways...

We are currently looking to hire a Nurse Manager for 20 hours per week. The Nurse Manager would perform pregnancy testing and ultrasounds, and help with overall clinic management. Do you know a highly organized RN or NFP who has a heart for this ministry and would be interested in joining our team?

Please join us in prayer as we seek to fill this position, and share this with those whom you think may be a good fit. Thanks!

## Our Mission:

Pathways is a pregnancy and family resource center that empowers individuals to make healthy life-affirming choices by offering education, resources and support.

## RUN FOR LIFE 2017 IS COMING...

Last year was a record setting year for our Run For Life event! Our amazing participants raised \$36,000 to support the life-saving ministry of Pathways. That's a \$7,000 increase over the previous year!

As we prepare for this year's Run For Life event, we want to encourage each of you to come out and show your support for LIFE in our community by joining us on May 20th at Lacamas Lake Park in Camas. This event is an opportunity for our supporters to raise funds and awareness for Pathways.

Technology has made it easier than ever to ask people to sponsor your walk or run at this event. Each participant can make their own online fundraising page and send it out to friends, family, co-workers, etc. through Facebook or email. Your sponsors can even donate right on your own fundraising page!

Run For Life isn't just for runners. Walkers are welcome to register for any of our three courses; 1.2 mile walk around the lake, 5K course, and 10K course.

Register today for only \$35 at [www.runforlifecamas.com](http://www.runforlifecamas.com). Together we CAN make a difference!
