

WEATHERMAN

Wholesale Catalog | 2024

OUR ORIGIN STORY

A weatherman-turned-founder

Founded by famed meteorologist, Rick Reichmuth, Weatherman was built to reinvent a product resigned to low quality. After years in the field covering severe weather events, Rick couldn't find an umbrella that he could count on.

So, he decided to design one himself.

THE PROBLEM

Everyone needs umbrellas, but they're not built to last — frustrating consumers *and* creating enormous amounts of non-degradable waste each year.

6 months

is the average lifespan of an umbrella

1 billion

umbrellas are broken, lost, or discarded each year

OUR SOLUTION

Applying modern principles of technology, engineering, and design, we've developed an umbrella that's as **beautiful as it is reliable**.

All materials used, from hand-sewn panels to fiberglass ribs, integrate form and function — for a true all-purpose umbrella that can **protect you from UV rays on the golf course, or a 55mph tropical storm**.

OUR COMMITMENT

We only make great umbrellas. We make five umbrellas, from small, easy to carry to large golf umbrellas. **Each is the best you can buy in its size.**

We will never make an umbrella that doesn't live up to that commitment, **creating a place you can always go to, and rely upon, for a great umbrella.**

WHAT MAKES US DIFFERENT

Breaks when you need it most

Less coverage

Nothing at all

Slippery and uncomfortable

Windproof Up to 55MPH

More coverage

Reflective Trim Safety in the dark

Ergonomic handle

Recycled packaging protects umbrella and is great for gifting

THE RESULT?

The last umbrella you'll ever need.

COVERED BY A LIFETIME
WARRANTY

Guaranteed. Literally.

We stand by the quality and reliability of our products — which is why we offer a Lifetime Warranty on all of our umbrellas.

DON'T TAKE OUR WORD FOR IT

Our umbrellas have won awards from Golf Digest's best umbrella (for 5 years running) to accolades from some of the best golf shops.

"I would highly recommend Weatherman to any club. Their top quality and durable umbrellas are only surpassed by the outstanding customer service support that is offered!"

Matt Cahill

Head Golf Professional
Seminole Golf Club

"The Weatherman Golf Umbrella is the best umbrella I have ever sold in my golf shop hands down. We have had multiple members come back and purchase a second one for their household or spouse. **The durability and design make it sturdy and** reliable in the heaviest of winds. I only want the best for my members and Weatherman delivers."

John Marino

Director of Golf
Old Chatham Golf Club

"I love the Weatherman umbrellas. **They have been very well received by our members and their guests.** The full custom Sankaty design for last year's tournament was a definite winner. You have to love an event favor with no sizing!"

Dieter Wiedmayer

Head Golf Professional
Sankaty Head Golf Club

OUR UMBRELLAS

All Weatherman products are professionally tested to withstand wind-driven rain up to 55 mph. Plus, environmental tests are a mandatory step in our production process to ensure our umbrellas are safe for the environment and for our customers. All our products have passed CA Prop 65 and REACH (EU/UK) testing standards.

ARNOLD PALMER CLASSIC & AVIATION

THE CLASSIC

The Weatherman x Arnold Palmer Classic umbrella is inspired by the golf legend's charismatic personality and brings his iconic umbrella logo to life.

THE AVIATION

The Aviation design bears the signature tail number of Mr. Palmer's jet – N1AP – and embodies the iconic bold, colorful style that made Palmer "The King" both on and off the course.

ARNOLD PALMER MICRO DRINK & FAIRWAY CAMO

THE MICRO DRINK

This design was inspired by the golf legend's favorite beverage. The micropattern is printed tone on tone allowing for an elevated nod to the King's lasting legacy.

THE FAIRWAY CAMO

Inspired by the most famous golf courses in the world, Fairway Camo is part of our Arnold Palmer Collection. This new canopy celebrates the King's ultimate love of the game and the courses he helped design.

ARNOLD PALMER 1973 & HIGH FLYER

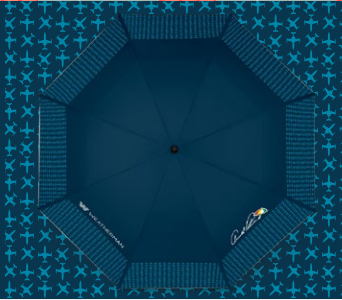

THE 1973

Inspired by the legend's required love for the desert, Weatherman brings you the latest addition to our Arnold Palmer Collection – "The 1973" Umbrella. This new design coalesces the retro vibe that contributes to the allure of Palm Springs with a charismatic color palette to match the King's charming personality. And the name? It's a nod to the classic 1973 match at the Bermuda Dunes course, at which Arnie took the victory in the pouring rain.

THE HIGH FLYER

A fresh design has just landed in the Weatherman x Arnold Palmer Collection. Drawing inspiration from The King's passion and exceptional talent for flying, the High Flyer Umbrella is a wink to his record-breaking trip around the globe in his Lear 36 Jet. From one corner of the world to another, this collection is bound to set your inner Palmer free.

FOLDS OF HONOR FREEDOM COLLECTION

In continued collaboration with the Folds of Honor Foundation, Weatherman proudly delivers another patriotic design with the Freedom Collection. The latest addition takes the primary elements of our cherished star-spangled banner, freeing them from their forms and reuniting them in a lattice pattern. Behind the design is the notion that no matter what our nation endures, we always come back stronger and better together.
