New Saddles

Interchangeable Gullet System:

Thanks to the success of the Equipe and Cahill Close Contact Saddles, Henri de Rivel has launched 5 more new models.

Fit is imperative when choosing the right saddle for your horse and is important for the rider as well!

HDR offers changeable gullets in a variety of widths to accommodate a wide range of horses to promote correct fit for your horse's ever changing muscle tone.

Interchangeable gullets also allow for the same saddle to fit multiple horses, saving you money.

In just 5 easy steps, you can have the options of 5 different saddles with the purchase of 1!

HDR Synergy Close Contact Saddle
24193
Sizes: 16.5, 17, 17.5, 18
Havana
\$1,195

- The Henri de Rivel Synergy Close Contact Saddle provides a close feel of the horse's back.
- The IGP (Interchangeable Gullet System) is convenient for riders that need to fit multiple horses or for horses that have changing muscle tone throughout the year.
- Ideal for jumpers or eventers, this saddle features a forward flap and medium seat to allow for a correct position and balance over fences and variable terrain.
- Knee and thigh blocks are placed strategically to encourage a proper leg position for stability over fences.
- Covered leather provides a soft and grippy texture that accepts oiling and leather conditioners.
- This saddle boasts a sporty look with signature stitching.

HDR Evolution Close Contact Saddle
24194
Sizes: 16.5, 17, 17.5, 19
Havana
\$1,195

- The Henri de Rivel Evolution Close Contact Saddle will fit in any tack room perfectly from busy lesson barns to top show and training stables.
- The IGP (Interchangeable Gullet System) is convenient for riders that need to fit multiple horses or for horses that have changing muscle tone throughout the year.
- Crafted for the jumper ring, this saddle features a forward flap and medium seat to allow for a correct position and balance.
- Knee and thigh blocks are placed strategically to encourage a proper leg position for stability over fences.
- Covered leather provides a soft and grippy texture that accepts oiling and leather conditioners.

HDR Phoenix Close Contact Saddle
24196
Sizes: 16.5, 17, 17.5, 20
Havana
\$1,195

- Enhance the connection between horse and rider with the Henri de Rivel Phoenix Close Contact Saddle.
- An ideal seat for eventers, the Phoenix provides a close feel of the horse's back, while providing just enough stability for the rider over natural obstacles and high speeds on the cross country course.
- A forward flap, molded knee roll and stationary thigh blocks all promote correct position.
- Soft, covered leather provides adequate grip for the rider and a short break-in time.
- An IGP (interchangeable gullet) system makes it easy to fit to multiple horses for busy show/training barns and decreases the amount of unused saddles sitting in the tack room.
- The Phoenix is available in Havana and comes with the regular sized gullet already in place and ready for riding!

HDR Parisian Monoflap Dressage Saddle
24197
Sizes: 16.5, 17, 17.5, 21
Black
\$1,195

- The Henri de Rivel Parisian Monoflap Dressage Saddle provides the ultimate seat for dressage riders.
- A mono flap allows for a clear feel of the horse's back.
- Soft, grippy leather provides adequate friction for the rider, a short break-in time and requires minimal leather conditioner.
- Large, padded knee blocks and deep seat allow for the rider to keep a correct position easily and comfortably.
- An IGP (interchangeable gullet) system makes it easy to fit to multiple horses for busy show/training barns and decreases the amount of unused saddles sitting in the tack room.
- The Parisian features a reinforced flap edge for durability and signature stitching for an elegant detail.

HDR Club Close Contact Plus Saddle
24198
Sizes: 14, 15, 15 3/4, 16.6
Australian Nut
\$850

- The Henri de Rivel Club Close Contact Plus Saddle is great for children who enjoy being in the show ring.
- A padded seat with molded knee rolls assist with leg stability and support on the flat or over fences.
- A reinforced cantle provides durability and protects from common scuffs that happen.
- An IGP (interchangeable gullet) system makes it easy to fit to multiple horses for busy show/training barns and decreases the amount of unused saddles sitting in the tack room.
