

Dear Judge Elmore,

I'm writing this email on behalf of my daughter that was a victim. She was a 6th grader in the Big Rapids Middle School. She has special needs he was her teacher. He would make my daughter change her clothes in the other room for P.E. class. While he sat at his desk. I don't know if he was peaking behind doors. The fact is why didn't he have my daughter change in a bathroom down the hall. My daughter has an IQ of 40. I'm writing this email that Mr. Robertson get the full sentences that he deserves. To protect our students especially the ones with special needs that have hard time speaking up because they just don't understand. I'm speaking on the behalf of my daughter and all other victims. Please keep our school children safe we don't tolerate this in our town.

Respectful,

Jessica Holihan

Big Rapids, Mi
