

IAAI Foundation Training Scholarship Program

The IAAI Foundation Training Scholarship provides financial assistance to selected applicants to enhance their education in the fire/explosion investigation profession by attending the IAAI International Training Conference or other select IAAI training events. The scholarship is supported by the IAAI Foundation and its benefactor partners. The IAAI Foundation may award up to five individual scholarships annually.

Successful applicants receive a \$1,000 scholarship to assist with their registration and lodging costs to attend the ITC or other approved IAAI training events. The scholarship program is not designed to cover all of the costs of attendance, but rather to offset specific costs, which would afford applicants a greater opportunity to attend an IAAI training event.

To be eligible, applicants must be a current IAAI member or current IAAI Chapter member. Applicants must submit an application, along with a short narrative on why they are applying for the scholarship.

The deadline to submit a scholarship application is October 1. Successful applicants will be notified after October 1 of that year for attendance at the following year's ITC or IAAI training event. Please submit completed applications via email to IAAIF.President@firearson.com.

Address all questions to IAAIF.President@firearson.com or by phone 404-606-6900.
