ECO-friendly solutions

At Opium Industries we always do our best to include eco-friendly solutions, both present and in the future. With our own modern European factories and eco-friendly incentives, Sits strives to provide comfortable, fashionable furniture with as little impact on the environment as we possibly can.

Recycled fabrics

At Opium Industries we strive to source and use materials and textiles that meet our high ambition and standards, with regard to both qualities, sustainability, and modern-day trends. For instance, several of our fabric options comes from recycling. Nori, a fabric made out of plastic waste gathered from the oceans, is a popular, durable, and washable fabric in lovely shades of grey, green and blue. This unique fabric is confirmed by SEAQUAL license
