

As a sponsor to The Premier Alpaca Event, you will have the opportunity to showcase your farm to over 120,000 visitors from all over the world. The Premier Alpaca Event is held in conjunction with the Canadian Western Agribition. Agribition is the largest livestock show in Canada – where the livestock industry meets, networks, and completes business transactions. The attendance of visitors to this show are mostly agriculturally based. For the week of Agribition SABN will have alpacas on display plus our association booth will have someone there for most hours while the public is in attendance. If you want a presence at this show please consider sending in your business cards.

“Sponsorship is an excellent opportunity to showcase your alpaca business to the world.”
