

Rules for Events

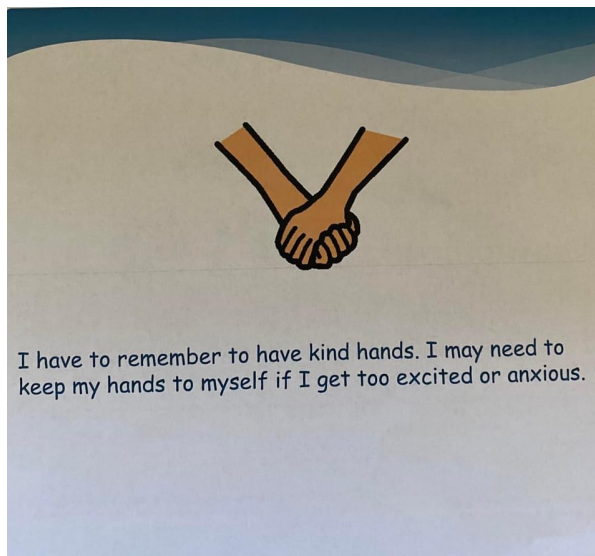

A Social Story

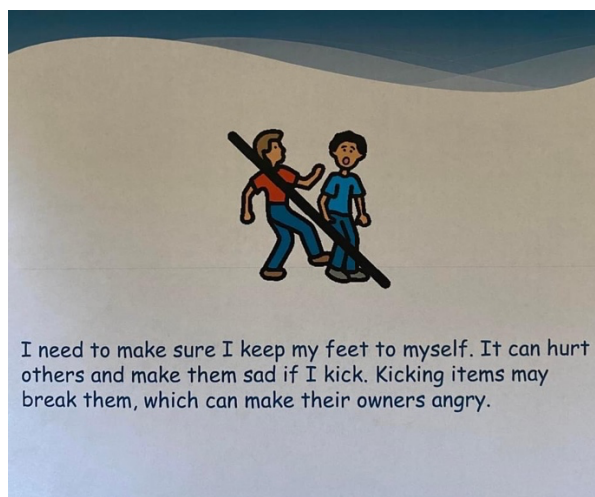

When I go to events with Rotherham Parent Carers Forum,
I like to have lots of fun.
Sometimes I forget what I am supposed to do, which can
spoil other people's fun.

I can use this social story to help me remember the rules and to make sure everyone can have fun.

I have to remember to have kind hands. I may need to keep my hands to myself if I get too excited or anxious.

I need to make sure I keep my feet to myself. It can hurt others and make them sad if I kick. Kicking items may break them, which can make their owners angry.

I need to remember to use kind words when talking to others, even when I am anxious or annoyed. Bad words can make others feel sad.

If I forget the rules then I may be given some time out. This is to give me time to calm down and make sure everyone else is safe. This is not to punish me.

If I remember these rules and so do my friends then we can have lots of fun together with Rotherham Parent Carers Forum.
