

# Gabriel Cutri

*Teacher, Musician, Sound Guy, Composer*

~

June 2025 Resume • San Diego  
bartok1714@gmail.com

## OBJECTIVE/GOALS

My plan is to get a job as a teacher or a sound engineer. In the future I would like to start a company that installs sound equipment, but my dream is to have a career making video game music.

## EDUCATION

**BA and Master's in Music Composition, San Diego State University • Fall 2017 - Spring 2024**

I graduated Cum Laude with a BA in music composition from San Diego State University, and then I went back later to graduate with a MA in the same field. I took courses in music editing, mixing, recording, and mastering as required by the institution. I took the same core classes as the mixing and recording majors. I graduated with a 3.6 GPA.

**Grossmont College – El Cajon, CA • Fall 2015 - Spring 2017**

I was a music major on the president's honor roll, I studied classical guitar. I also studied music theory and performance and performed with the guitar ensemble. I left Grossmont with a 3.6 GPA.

**Point Loma High School – San Diego, CA • Fall 2012 - Spring 2015**

I took music production, multiple AP classes (including music theory), and was named on the principal's honor roll with a 3.6 GPA

## **School of Rock – San Diego, CA • Summer 2007 - Winter 2015**

I studied & performed electric & acoustic guitar and bass, vocal, and some keyboard. I co-authored a CD of music/songs.

## **WORK EXPERIENCE**

### **School of Rock – San Diego, CA • Summer 2024**

I worked as a guitar and bass teacher at The School of Rock in Otay Mesa for a little while. I taught private one-on-one lessons with the kids but I also helped instruct the groups that practiced for a culminating show over a 2-3 month period.

### **Logan Memorial Educational Campus – San Diego, CA • May 2024**

I worked as a substitute guitar instructor at the Community Music Center at the Logan Memorial Educational Campus (operated by La Jolla Music Society). I taught young beginners the basic scales and chords as well as a tune or two.

### **Catalyst Church San Diego – San Diego, CA • Summer 2022 - Present**

I am in charge of all the sound operations that go on during Sunday service: setting up and breaking down mics or DIs for vocals/instruments, setting up and breaking down equipment, troubleshooting equipment, and running the mixing board. I do the lights often, and I also do video sometimes (this includes live streaming).

### **Private Music/Audio Contracts • Summer 2021 - Present**

I take commissions for music ranging from classical guitar pieces to contemporary music, and I'm currently making beats for rappers. I record their vocals/instruments and mix/master their tracks. I also do transcribing, sound design, and occasionally arranging.

### **Lead Guitarist/Songwriter • Summer 2020 - Present**

I am a guitarist and co-lead vocalist for the rock band FVNERXL MXRCH. I help run the band pages on social media platforms. We released an EP last month and we are touring California in October.

## **STRENGTHS**

I have advanced knowledge of music theory, audio devices, and signal flow. I am a hard worker, friendly team member, I have a good attitude and I have a passion for anything that's music or audio-related.
