# WORDS FROM THE OWNER

---

Thank you for your time to review my company for your live entertainment needs. I am very passionate about the live entertainment event industry, which is why I want to make sure it is well taken care of. It hurt my heart when all the things I worked so hard for were completely deleted during the shut down in March of 2019. So, I strived to create a company to operate physically and virtually. I am one to always find ways to fix problems in my life wherever they come from. My mission is to provide a platform for companies and performers to run their events organized at anytime & anywhere, with the option to gain financial success.

We Live V was created specifically to be a perfect glove for the live event industry needs. LET'S GO!
