#	RESPONSES	DATE
1	What I believe should be looked into on Nextdoor is the individual in El Lago who has created multiple fictitious accounts. He needs to be stopped.	3/28/2018 1:52 PM
2	I refuse to provide any answers to your survey. The questions are so biased in the way they are written and presented that you will get your "statistics" regardless. VERY disappointed/disgusted in this and the other antics coming from city government.	3/26/2018 9:18 PM
3	Since when is a city our size trying to control the media. Is this El Lago or CNN and the Clinton's. I thought our Mayor was Republican?	3/26/2018 8:12 AM
4	Leave Next Door alone. It's a public forum for neighbors to express opinions and concerns.	3/22/2018 9:23 AM
5	Both sides have a right to be heard. It's up to readers to make judgements as to whether the posting is biased and search both sides of an issue.	3/21/2018 5:04 PM
6	Government should Stop trying to censor the public! I Support Free speech	3/21/2018 2:47 PM
7	I believe that Next Door provides a great benefit to the community but wish that people did not use it to be "funny" or pursue agendas which are not generally beneficial.	3/20/2018 9:20 PM
8	Democracy!	3/20/2018 7:54 PM
9	I've really enjoyed reading all the political different points of view and find it a very valuable tool!	3/20/2018 7:50 PM
10	It seems that the LEADs give more leeway to their particular candidate and do not always remain neutral.	3/19/2018 10:22 PM
11	The city should not get involved with NextDoor, unless you want to post upcoming activities. NextDoor has guidelines, we have local neighbors who are the leaders to monitor the guidelines. The city should not be involved with "governing NextDoor", or creating a survey about NextDoor	3/19/2018 5:17 PM
12	While I do like the fact that I find out more of what is going on with city council via Next Door. There are a few biased individuals that have to ruin for everyone. I doubt there is a way to weed them out, so we just have to ignore the posts with the rants and raves.	3/19/2018 4:00 PM
13	Next Door is a wonderful tool, but with the good comes the bad. I rarely visit due to the seemingly constant drama and/or bickering. I don't think that Next Door should play big brother because those who believe change is needed have the right to speak about it, but I wish the people commenting and posting weren't so negative and childish.	3/19/2018 3:50 PM
14	Next Door definitely has its benefits (e.g., notice of garage sales, lost pets, car thefts, etc.). That said, it's become inundated with incredibly petty complaints, political bashing, and even neighbor bashing, often without evidence on which to stand. People's reputations within the community and their livelihoods are negatively impacted without appropriate cause, often only led by suspicion or a "bad feeling." It seems to be, at least in the last year or so, more harmful to our community than helpful, which is such a tragedy given its stated purpose and potential.	3/19/2018 3:45 PM
15	The number and nature of viewpoints expressed on Nextdoor (and any social media) depend entirely on the people expressing them. If you don't think you're being adequately represented then you need to engage and speak up, not whine to the mayor about something that has nothing to do with city government.	3/19/2018 3:44 PM
16	Very poor source of information about what is going on at City Hall.	3/19/2018 2:19 PM
17	Please stick to city business, if you do not like Nextdoor, do not read it.	3/19/2018 9:55 AM
18	Is this like last year's survey that the mayor used in his campaign?? Seems shady!	3/19/2018 7:43 AM
19	What's Nextdoor? When is the public hearing on switching fire departments?	3/19/2018 7:40 AM
20	My mind has spoken.....	3/18/2018 11:04 PM

21	Why was it so cold this winter?? We need to control our carbon footprint! People who eat meat are making it worse for us, those who harmonize with nature and respect Mother Earth. Can you make this city the first one to eliminate combustion engines-cars, lawn equip, even do away with air conditioners. They use up so much electricity and really hurt the ozone environment. My teacher says that we should really start caring for our planet, and I agree. I think school should all be online and get rid of those stupid football games.	3/18/2018 11:03 PM
22	What are we doing about Taylor lake village? I think we should annex them, they have nicer parks.	3/18/2018 10:57 PM
23	All the leads and the mayor should resign.	3/18/2018 10:55 PM
24	Nextdoor is better entertainment than netflix, and cheaper - let it be. Great to see the results of this survey, does it matter if I work for Nextdoor?	3/18/2018 10:54 PM
25	My dog Lucy is missing, and I don't use Nextdoor. Please let people know to be on the lookout for her. She's a medium mutt, light brown with a white tipped tail. Thank you,	3/18/2018 3:56 PM
26	Why don't we have a farmer's market in the city?	3/18/2018 3:51 PM
27	Please spend your time and our money on more important things.	3/18/2018 3:49 PM
28	No opinion on this crap, but I do have an opinion about the mayor - resign!!!!!!!	3/18/2018 3:07 PM
29	Briggs and Tave continue to use SURVEYS, Ventana, Nextdoor for their own political games which violates ethics and laws and is spending MY tax dollars on their games. Shame on you two LOSERS for turning Mayberry into Chicago!	3/18/2018 2:34 PM
30	Have no opinion about Nextdoor, but I have an opinion about the mayor using MY tax dollars to send out a political attack letter, and this stupid survey! WTF!	3/17/2018 1:38 AM
31	Former Mayor Robby White, when active, dominates & bullies people especially in his political subgroup. NextDoor.com should keep an eye on him to ensure he complies with the Guidelines. When White is not active, he gets "his crew" to do his bidding. Seems likeNextdoor.com has stepped up their oversight so no extraordinary action by them is needed — at this time.	3/15/2018 10:30 PM
32	I love El Lago...never been there but the photos look nice. Your mayor sounds like a dictator, good luck with that!	3/14/2018 11:22 PM
33	Really? Can we get any more political? Why does the mayor think he needs to be brought into the Nextdoor issue - he should butt out, along with his hacks that remove good people with reasonable opinions from NExdoor.	3/14/2018 11:20 PM
34	Our First Amendment gives us the freedom of speech, press, assembly & religion. Next Door allows all to express their opinions; some may choose to do so, and some not. But we all have the same opportunity, it's up to each to make their thoughts known should they wish - others have the right to respond or disregard.	3/14/2018 1:37 PM
35	This survey is a joke, my neighbor said he's completed it 4 times since he has four computers. Why do people with multiple computers get to vote multiple times??? Very unfair. We need rules so people know if they can vote once per household, once per computer, once per person, including people under 18? Does my two dogs get votes too? All these results should be thrown out, just like our mayor for coming up with this stupid, wasteful, unhelpful, biased, idea!	3/13/2018 3:35 PM
36	I do not think any political issues should be "aired" by anyone on NextDoor; this is not the intent. Just stick to the basic guidelines of the charter, and remove anyone who participates any activities not intended for the website	3/13/2018 11:06 AM
37	I've never been more embarrassed or disgusted by the divisive political rhetoric posted by a several members of my community.	3/13/2018 5:51 AM
38	I am unable to answer any questions from this survey as they are all written in a biased manner to manipulate me into answering in a way that would suit the creator and operator.	3/12/2018 6:22 PM

- 39 I have no idea what comments, political or otherwise, that are the subject of such upheaval. I find the whole thing extremely childish. If there is a moderator for the site, that should take care of anything offensive according to the app's agreement. Now, I don't believe anything anybody says, including the current Mayor. The fact that he feels the need to respond to some comments on social media is absolutely ridiculous.... my experience with people is that if something is untrue, they leave it alone & it blows over, but when they go to great lengths to prove their innocence or to negate comments, that only increases suspicions that there's more truth to the comments than they are willing to admit. It's all stupid. FYI: I deleted the NextDoor app and only check it if there's an emergency/potential disaster (Harvey) to see if anyone has helpful info., or if my pet gets out, or if I find a pet, or I want local advice of contractors. The rest of it is just another avenue for people who have nothing better to do but waste time or stir up trouble. This survey is STUPID!! 3/12/2018 12:37 PM
- 40 I have 2 issues with Nextdoor. 1. Individuals being banned for stating their opinions. To be honest I have no idea how Nextdoor becomes aware of non-compliant posts, but the optics are terrible in that a Nextdoor lead is a council person. If you go against a certain lead or the current EL Lago administration you are booted off Nextdoor. 2. Not vetting users that are either not part of our city or are aliases who have been previously banned from Nextdoor. An explanation from Nextdoor on how the banning process works would be beneficial to all citizens of El Lago. I cannot image Nextdoor is monitoring the thousands of post each day and selecting a few individuals from El Lago to ban. Does a Nextdoor member or lead have to report a post to have it removed and possibly the person banned? You as the Mayor of El Lago could certainly join in weekly to add to the conversations and clear things up. Trump tweets multiple times a day. Nextdoor is a practical and efficient way for the citizens to have an open discussion. But it seems to be censored and devalued by a few immature individuals who post garbage as aliases. 3/11/2018 10:30 PM
- 41 Pride comes before the fall. Jeff Tave is letting his pride and lust for power cloud his judgement. This along with Mayor Briggs self serving letter and overall condescending attitude is tarnishing the cities good name. So sad really. 3/11/2018 9:04 PM
- 42 Yes the ND site for El Lago has been taken over by Bob Burke and his numerous fake profiles and is doing Mayor Briggs bidding along with Jeff Tave who is both a lead and a sitting council member. This is a conflict of interest at the very least. This administration is one of Divisiveness and censorship. A social media policy needs to be put in place for sitting city officials and be held accountable for their actions. 3/11/2018 8:26 PM
- 43 NA 3/11/2018 12:51 PM
- 44 Anyone who posts anything against the mayor are kicked off. There is one member in particular that goes by bob Burke kelly Adams John Stevenson. It's all bob. Fake. How is that allowed? He should be banned. 3/10/2018 5:31 PM
- 45 NextDoor is simply a website that allows neighbors to communicate. If a person is acting in a disrespectful or political way on the site, the community should speak out an offer correction. If a person acts in a way that the NextDoor policies do not allow, then they should be reported and dealt with by NextDoor. 3/10/2018 12:23 PM
- 46 As with any social platform, it's easy for rumors to fly around.. but it also remains beneficial in many other aspects that in my opinion outweighs the cons. Just like anything else in life, it's up to each individual as to how naive/ignorant they want to be regarding rumors and here say. I personally skip over "those" threads as we're too busy to stay up to date with them. But from this angle it's evident there is some sort of censorship issue overall.. Everyone just needs to be encouraged to do their due diligence regarding issues that affected them as residents and form their own opinion. I understand it's probably more complicated than that.. just my two cents! 3/10/2018 11:09 AM
- 47 Why are you wasting time on this? Are we now going to monitor all social media sites? I can not believe our city is wasting time and resources on these survey questions. You were elected to lead the city. Get back to the larger issues and the next time you feel you must send such an unprofessional letter at the city's expense, print double-sided. 3/10/2018 8:26 AM
- 48 Issues typically get resolved if reported. When Mr. White was an active NextDoor Lead, he would instigate activity to have items flagged and removed that are contrary to his beliefs or his "story." Some people are intimidated by Mr. White and his wife, who holds a high-powered position within NASA, and fear retribution if they take opposing action, even if that is the correct action to take. Mr. White tends to bully people or gets his minions to act on his behalf. People have seen what Mr. White has done to Mr. Jeff Tave in the past (bully/berate him in Council, spread false rumors, site his property for violations) so are hesitant to get crosswise with him. 3/10/2018 1:38 AM
- 49 I just used my my magic 8-ball to answer this survey, hope you like the answers. 3/10/2018 12:15 AM

Next Door

50	SURVEYS suck.	3/10/2018 12:13 AM
51	i think we should just have a survey about every issue and then we don't need a mayor or council. Direct democracy, let's try it!	3/10/2018 12:12 AM
52	Mark Briggs is truly amazing! Best mayor in the US. So smart, handsome and clever. El Lago is blessed to have him as mayor. Ok, so this is my survey, but I do get to submit one even though I am mayor.	3/10/2018 12:04 AM
53	Mayor and Councilman Tave have already kicked off everyone who disagrees with them, true censorship by government officials! Bringing shame on our fine city.	3/9/2018 11:57 PM
54	My brother told me he'd pay me a dollar to do this.	3/9/2018 11:51 PM
55	Unfortunately Nextdoor has been hijacked from being a helpful tool for the community to a gossip column with totally unsupported opinions, half truths and character questioning. Unfortunately it's no longer a valuable resource to the community.	3/9/2018 4:14 PM
56	The nextdoor app should have a defined area for political issues. A person can state the political issue and then move all conversation to another site, one that is for citizens only.	3/9/2018 12:58 PM
57	What is the purpose of this survey again?	3/9/2018 12:45 PM
58	Quit asking about Nextdoor and ask about things that are important like SVFD. Still haven't had our public meeting!	3/9/2018 10:53 AM
59	I'm pissed that you are wasting my tax dollars on a paid political campaign for councilman Kelley. You can deny it, but it will be interesting to see how the State of Texas views this letter and survey. This survey is a sham like you, the Mayor. Our previous mayor looks better and better everyday. You might win the "worst mayor ever" award if you keep up these shenanigans and illegal activities.	3/9/2018 10:50 AM
60	Visiting the site, I am reminded why I don't go there that often. I feel like I am back in junior high! Most want the best for our little town...some are looking to stir up trouble.	3/9/2018 7:46 AM
61	We need a mascot for el Lago. Maybe a pelican? It could be blue with white head to match the logo. Or what about a silver astronaut? You could dress up in a costume (pelican is my preference) for city celebration and dance the chicken dance in a conga line. You could have the band play "my way" and give out Mayor awards that could be eggs (or astronaut ice cream if you are dressed up like an astronaut).	3/9/2018 1:29 AM
62	Mayor, I'm straight, quit patting my ass please.	3/9/2018 1:13 AM
63	I fond this survey on the internet, I live in Oklahoma, thanks for letting us play!	3/9/2018 1:08 AM
64	Monkey see monkey doo	3/9/2018 1:05 AM
65	Why does the city spend money on stupid stuff like this? Fire the mayor.	3/9/2018 1:02 AM
66	You paid me to agree with you.	3/9/2018 12:59 AM
67	I hate next door, quit paying for it. We used to use it in Louisiana, but it costs too much. Tinder is much better, more quality hookups.	3/9/2018 12:55 AM
68	Why does the mayor smell like tortillas and rice?	3/9/2018 12:52 AM
69	My will to live has gone since you became mayor.	3/9/2018 12:47 AM
70	Thanks for letting Taylor lake village participate! We love partying at McNair and can't wait for the bathrooms!	3/9/2018 12:44 AM
71	Wow, that was fun! Gonna do it again!	3/9/2018 12:42 AM
72	You are like Miley Cyrus! Like a wrecking ball....	3/9/2018 12:41 AM
73	Damn, who is paying for this?	3/9/2018 12:31 AM
74	Knock knock....who's there? Mayor, mayor who? Yeah, that's what everyone asks...	3/9/2018 12:29 AM
75	I'm loosing my will to live	3/9/2018 12:21 AM
76	The city should buy next door	3/9/2018 12:18 AM
77	There are no questions about a social network policy, what a scam	3/9/2018 12:17 AM
78	I disagree with everything	3/9/2018 12:16 AM

Next Door

79	I have no opinion	3/9/2018 12:12 AM
80	Let's party El Lago!	3/9/2018 12:11 AM
81	Let's get down to some serious issues. Have a survey about the fire department issue, not this BS.....	3/9/2018 12:10 AM
82	My life is a dream, until you made it a nightmare	3/9/2018 12:07 AM
83	Are you still watching porn in the mayor's office? You really should stop.	3/9/2018 12:04 AM
84	Things cross dressing mayors in El Lago do.....Survey says.... SURVEYS	3/8/2018 11:57 PM
85	Try again, I love surveys. This is the 10th one I've completed. Better than fake e-mail postings on nextdoor.	3/8/2018 11:54 PM
86	I agree with everything you want to do sweetie.	3/8/2018 11:48 PM
87	My dog is lost, black terrier named noodles, has anyone seen him?	3/8/2018 11:47 PM
88	El Lago should pay me for being a resident	3/8/2018 11:44 PM
89	Quit goofing off with surveys and start working for the city	3/8/2018 11:43 PM
90	Must be nice to have a house that didn't flood!! Where's that survey????	3/8/2018 10:32 PM
91	Give up mayor, we know you are an alien.	3/8/2018 10:30 PM
92	Dogs, cats, monkeys, surveys... why ask why?	3/8/2018 10:29 PM
93	Who decided to stop providing alcohol at city celebration? Where was that survey?????	3/8/2018 10:27 PM
94	Hot or not? Tave? I've seen you wink at him.	3/8/2018 10:24 PM
95	I like cheese.	3/8/2018 10:21 PM
96	I want the pool contract. Like we agreed, i will charge \$1 less than the current bid and will split the profit with the mayor, cash monthly. We talked about this at the party, I'm ready to sign. Call me.	3/8/2018 10:20 PM
97	Let's have a survey about allowing chickens into el Lago. I want free range hens in my yard and will sell organic eggs to my neighbors and give the mayor a hen or two. Chickens eat mosquitos and are beneficial to the city. Please let chickens in the city. They are so cool!	3/8/2018 10:16 PM
98	When will the brothel be reopening?	3/8/2018 10:01 PM
99	My pet name for Jef Tave is the Italian, jef mikaclak is Hawaii 5-0, Mayor is big enos, Kelly is little enos, Ann is poker face, Skelton is boss Hogg. Can we have a survey to see how people like these?	3/8/2018 9:59 PM
100	We should have a survey about having surveys, just keep wasting more money. Thanks city for raising taxes, blowing an audit, and wasting my tax money!	3/8/2018 9:50 PM
101	El Lago rocks, mayor doesn't.	3/8/2018 9:47 PM
102	I do not feel like monkeys should be allowed in El Lago. Even if they do have surveys.	3/8/2018 9:46 PM
103	The railroad crossing in El Lago scares my birds. Please move the railroad station into another town.	3/8/2018 9:42 PM
104	qjuyrdsrfyhig bgtttrdgui ihggunji	3/8/2018 9:40 PM
105	Lifeguards hate the mayor!	3/8/2018 9:28 PM
106	Brigs should stop his attacks against his enemies	3/8/2018 9:26 PM
107	Loser!!! Just go fishing again for the entire year...	3/8/2018 9:25 PM
108	Mayor pro team is hot, mayor is not....	3/8/2018 9:18 PM
109	Mayor is a tool, not this survey	3/8/2018 9:16 PM
110	Real knowledge is to know the extent of one's ignorance....	3/8/2018 9:15 PM
111	Gets all sides that Tave agrees with....	3/8/2018 9:02 PM
112	Why does the mayor meet with convicted felons on a regular basis? Asking for a friend?	3/8/2018 9:00 PM
113	hvala što ste me dopustili da sudjelujem u Hrvatskoj	3/8/2018 8:56 PM

Next Door

114	The mayor and the president have one thing in common, small hands....	3/8/2018 8:52 PM
115	My mind says you crazy mayor.	3/8/2018 8:48 PM
116	my dad wants me to fill this out, I'm going to ask my ed white teacher to let my class fill this out. I love next door and ponies.	3/8/2018 8:46 PM
117	Mayor should work on the pool contract, mosquitos, budget and not nextddor. Stop censorship in El Lago.	3/8/2018 8:42 PM
118	Next Door has shown that adults can sometimes behave worse than children. People can be very petty. It's almost like a soap opera, reading the posts on Next Door.	3/8/2018 8:34 PM
119	No problem with ND, just fine, but why is the city spending money on the stupid survey?????? Get back to work on the budget, audit coming, better start cooking the books!!	3/8/2018 6:11 PM
120	City should stay out of the business of social media control and La Ventana control, MAJOR conflict of interest and ethics violations which some officials don't seem to care about!!! Run the city, don't try and CONTROL the citizenry!!!	3/8/2018 6:07 PM
121	Yes I have asked several times to keep politics off next door. An ex- Mayor and others that have lost elections are angry with the progress that the city is now making. Very one sided with political views and have an agenda.	3/8/2018 2:51 PM
122	The city needs a social media policy for its officials. It is funny that one can run the city newspaper, sit on council and be a lead on nextdoor as well as do the Mayors posting acting as his press secretary and claim to be unbiased. The ones that need to be rained in are the City Officials not the citizens. In the spirit of Transparency, I expect all comments to be posted as well as all the rest of the results of this survey unlike the last one the Mayor conducted when her ran for his current position on the city website.	3/8/2018 11:55 AM
123	The mayor should quit worrying about and trying to control what is being said on Nextdoor and instead focus on the job he was elected to do! And...IF he does wish to post on the ND site, he should do it himself, as he is clearly listed as a member, but instead chooses to interject his own opinions via one particular "puppet" councilman. I would seriously doubt that the mayor has received "numerous complaints" from citizens about ND content but is rather making a vain attempt at censorship in an effort to limit what is said or written about his thus far lackluster performance in leading the city. The mayor might also consider practicing complete honesty when spending taxpayer dollars to send out self serving propoganda, self congratulations, and the like for events in which his input had minimal effect on the end result. And now, the mayor is attempting to have his "fishing vacation buddy" elected to city council in an obvious attempt at "stacking the deck" in his favor and resurrecting his failed administrations policies and agenda. This entire survey is an attempt at deflecting the negative attention and dissatisfaction that many residents feel regarding the leadership he has brought to our city. I seriously doubt the content on Nextdoor should even be a kibble on his plate!	3/8/2018 11:55 AM
124	Disclaimer: I only look at Nextdoor occasionally for Crime & Safety and to sell household items, because all the "lost dog" alerts get old. I typically don't trust social media for hot-button issues unless the poster is a verifiable/official source. One is entitled to an opinion, but if you're going to spout, don't be surprised if folks take offense, or you get kicked off for unsubstantiated claims and/or vindictive misinformation.	3/8/2018 11:50 AM

126	Why is El Lago city government wanting to try and influence and manage a private companies social media site ? We have streets that need fixing and drainage problems and an upcoming hurricane season. I guess if you have a plane you can leave during the storm but most residents stay and want a safe place to do so and a website should be the least of El lago city governments concern.	3/8/2018 11:26 AM
127	The City has a Nextdoor account. I am not sure why The City is not using their account to provide accurate info to the discussions that are obviously important to the citizens.	3/8/2018 11:16 AM
128	Really, the Mayor and some on council I forget the guys name ... the short one..are worried about fellow citizens posts and are trying to infringe of their first amendment rights now through a survey. They really have an inflated opinion of themselves. Last I checked El Lago is in the United States not the Russia.	3/8/2018 10:47 AM
129	I was under the impression the city did not involved itself w Nextdoor. This Mayor has made things so confusing.	3/8/2018 10:25 AM

Next Door

130	Separate ND from any city official. We need a social media policy for the city immediately!	3/8/2018 9:36 AM
131	Mayor is behind the political grandstanding and censorship, in coordination with Mr. Tave	3/8/2018 9:16 AM
132	Get all new leads!!!	3/8/2018 9:14 AM
133	Seems to me that this is an effort by city hall to silence dissenting opinions. One issue is being pushed by the mayor and many disagree. Two of the most vocal critics have been kicked off Next Door. At a minimum it is incredibly bad optics.	3/8/2018 8:35 AM
134	Get back to fixing the drains and quit wasting money on this BS. All city officials should be removed from ND.	3/8/2018 8:34 AM
135	Stay off next door if you don't like it	3/8/2018 8:18 AM
136	Question 1 answer - Tave controls Nextdoor, this is unfair. Question 2 answer - city officials use Nextdoor for their agenda and to silence those not in government- this is wrong Question 3 answer- it is fine if not co-opted by Tave and the city-let people speak - what are you afraid of?	3/8/2018 8:16 AM
137	no	3/8/2018 12:42 AM
138	Poorly written survey, likely by design! Next door should be monitored by people with morals, ethical behavior, and concern for the city. (This obviously excludes mr. Briggs, who has no morals, ethics, or concern for the city)	3/8/2018 12:38 AM
139	Really? Co-opted by the leads who remove content written by well meaning citizens who love our city. Leads should not be involved with city government	3/8/2018 12:22 AM
140	Not long after Hurricane Harvey, I stopped using Next Door because I did not find the information there to be very useful. People seemed to use it as a place to whine and gripe. It appears my decision was justified as I've been spared having to see the back-stabbing and misinformation that often comes with small-town politics. And I'm okay with that. It would be interesting to know how many El Lago residents actively use Next Door.	3/8/2018 12:21 AM
141	This survey is a political tool of the mayer.	3/8/2018 12:18 AM
142	Why did the Mayor censor Mr. Clark-that is the only question of importance.....	3/8/2018 12:16 AM
143	Why is the city spending taxpayer resources doing this??? Get the government back to pool contracts, mayor said they were already too busy and now you want to wade into this area and waste more tax payer money? Seriously? The two page (not double sided) letter was enough waste. Mayor and council should be paying for this nonsense, not me.	3/8/2018 12:13 AM
144	I have been increasingly disappointed that the elected mayor of El Lago has made a practice of blaming anyone and everything around him as being at fault, instead of simply addressing and moving forward. This is extremely unprofessional and turns folks who may have been supporters into ones actively counting tin g the days before we can overwhelm the polls to vote him out. It can't come soon enough for me. I moved to El Lago in 2003 specifically due to small government and ability to contribute to the community and have a voice. In my 15 years here, this is the most disappointing show of lack of leadership abilities and basic social sense imaginable. For shame.	3/7/2018 11:09 PM
145	The Mayor claims he is not on Next-door and now is running surveys about the site. He has had a membership to the site since 2016 per ND. For the Mayor to be on Next-door and who has given out citizen emails to other citizens in an attempt to scare other citizens from emailing their Mayor or council is deplorable. The Mayor ran on a christian platform and one of an anti politician and has proved to be quite the opposite. He is a bully who only has his interest in mind. He claims to be a man of honor and integrity but uses scare tactics and tries to public shame anyone who does not go along with his views or ideas. He miss uses his perceived power and has forgotten he serves at the pleasure of the citizens who got him elected and also those who voted against him equally. He consistently puts out lies and false information. We have never been more polarized as a city. That falls in the lap of the Mayor and Councilperson Tave. He use to has his own views and was respected in at least some circles but has lost all credibility after becoming the Mayors poster on social media. I am 73 years old and have never witnessed this in such a small community. The letter that was mailed out was just sad and shows how small of a person Mayor Briggs is. If my husband was still alive I would want him to run against him. He was a real man of honor and integrity. Mayor Briggs needs Jesus. Bless his heart!	3/7/2018 10:42 PM
146	The only one being abusive is mayor Briggs with his lies. He thinks is clever and that citizens can't see through his bullshit. I can't believe he is wasting time with this survey.	3/7/2018 10:04 PM

Next Door

- 147 The mayor and Councilman Tave have made next door and the la Ventana into their political forums, and are now engaging in censorship of the citizens. The city has no business in this area and their continued abuses is illegal. 3/7/2018 10:00 PM
- 148 Not sure why NextDoor is such a controversial app. The more information we have access to, the better informed we will be. If certain powers-that-be think that we need to hear all sides/options to an issue, then, by all means, bring it on, and post it on NextDoor. Thank you. 3/7/2018 6:24 PM
- 149 The only political games being played are by you Mayor Briggs. Your letter was self-serving, politically charged and promoted government censorship of a social media site. You cannot stand that you have no control over it and that people are speaking out against your personally motivated agenda. I believe your little pedestal is slowly crumbling as the citizens are starting to see your true colors. 3/7/2018 5:19 PM
- 150 People shouldn't accept any social media at face value. Do you research and form your own opinions. 3/7/2018 4:17 PM
- 151 I haven't been on the El Lago ND that long, but it is a bit ridiculous. As soon as Jeff Tave was elected to the city council, he should have contacted ND about having his role of lead removed. I can only speculate that it was him who reported Darin Clark & Robert White to ND for removal. His place with the city is a direct conflict with being a ND lead. I'm not sure who posts for the City on ND, but I would suggest that all city matters go thru that channel. Furthermore, Darin & Robert's accounts should be fully reinstated. 3/7/2018 4:10 PM
- 152 On the El Lago ND site is is becoming clear that there is a conflict of interest between a sitting council member and his lead role on ND. Also i think there is no guideline against showing support for a volunteer organization. some ND members/citizens showed their support for SVFD. On ND as well as throughout the city. That is not against the law. The fact about this organization; the contract it has with the city was used to compare support among citizens for SVFD versus the contract with PVFD. The poll was simple, and based on facts; not misinformation. The reason the poll was posted was based on the FACT that the issue was on the city council's agenda and was about to be voted on. Fact; not misinformation. Fact: Many citizens became aware of the issue after information was distributed about the council's attempt to vote on the emergency service agreements. Info was spread on social media stating the facts. Not misinformation. Fact: The only misinformation was that the council did not inform the citizens timely and not to the full extend of their negotiations with the fire departments. Aside from this issue: At the same time ND allows trolls on their site. There is a person using an alias trolling. I filed a complaint, but nothing is being done about it. This makes ND unsafe, and totally biased. I am a level headed person with integrity, never call people names, using facts on both sides of the spectrum, but i was trolled, and called names by the person using the alias. And this person is not being removed. So that makes ND a biased medium and is it a coincidence or a causality that there is a council member in a lead position on ND???? Let people talk about politics, it is better to have an open discussion than one that is censured!!! 3/7/2018 3:27 PM
- 153 Next door is more than El Lago. Anything that was discussed about SVFD was factual and not misleading. It did not violate any Nextdoor policies that I am aware of. Also, the Mayor should stay out of it and not waste city money and time on petty petters and next door polls. 3/7/2018 3:10 PM
- 154 Removing all sitting elected officials is a must 3/7/2018 12:24 PM
- 155 This is pure horse shit 3/7/2018 12:18 PM
- 156 Next Door certainly has its share of individuals who grandstand their point. People do have the opportunity to object, and in many cases both sides of the fence are met with personal attacks on their nonconformity. 2/28/2018 12:57 PM
- 157 Glad Robert White and Boot Clark are gone. Hope you review more and eliminate the bad actors. Some are Leads. 2/28/2018 7:11 AM
