

GoGreen Biodegradable Isolation Gowns

Proudly Made in the USA

CAG Health and our subsidiary CAG Supply in partnership with Welmed is proud to announce our new line of GoGreen Biodegradable Isolation Gowns. Manufactured in the US with 100% US Made & Controlled Raw Materials

GoGreen Biodegradable Thumb Loop Isolation Gowns

Bio-assimilation is the complete breakdown to organic elements without remaining microplastics.

Welmed's GoGreen Isolation Gowns bio-assimilate naturally and fully decompose in 6 months in a landfill environment.

*No Special Storage, Handling or Disposal Steps Required...
Dispose per Standard Policy and Practices.*

It Bio-assimilates Naturally in the Landfill.

Environmentally Friendly to Help Achieve Your Green Initiatives!
