

Adventures in short-term rentals #10

Detroit's standards are higher than ours.

Every year, Detroit makes every list of the *“Worst Places to Live in America.”* Still, when it passed short-term rental regulations, it protected residents far more than Barnstable's Zoning & Regulatory Subcommittee intends to.

In Detroit, the home you rent on Airbnb or other platforms has to be your actual residence. Here, the committee is ok with a place no one really lives, ever.

In Detroit, you can short-term-rent your place only 90 days per year. Here, investors can run de facto hotels, one night at a time, 365 nights a year.
